General Instructions

ARS §§ 43-1081 and 43-1170 provide a tax credit for expenses incurred to purchase real or personal property that is used within Arizona in the taxpayer's trade or business to control or prevent pollution. The amount of the credit is equal to 10 percent of the purchase price. For years subsequent to 1996 the maximum credit which may be claimed in a taxable year is \$500,000.

A credit allowed under ARS § 43-1081 (pollution control equipment) is in lieu of a credit under ARS § 43-1076 (recycling equipment credit) with respect to the same equipment.

Co-owners of a business, including partners in a partnership and shareholders of an S corporation, may each claim only the pro rata share of the credit allowed based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

Qualifying property includes a structure, building, installation, excavation, machine, equipment, and any attachment to, or addition to, or reconstruction, replacement, or improvement of that property. Property eligible for the tax credit includes only that portion of the property directly used, constructed, or installed in Arizona to prevent, monitor, or reduce air, water, or land pollution. The property must meet or exceed rules or regulations adopted for this purpose by the United States Environmental Protection Agency, the Arizona Department of Environmental Quality, or a political subdivision of Arizona.

NOTE: QUALIFYING PROPERTY DOES NOT INCLUDE THE PURCHASE OF ANY PERSONAL PROPERTY THAT IS ATTACHED TO A MOTOR VEHICLE TO CONTROL OR PREVENT POLLUTION. THIS PROVISION APPLIES RETROACTIVELY TO TAXABLE YEARS BEGINNING FROM AND AFTER DECEMBER 31, 1994.

Amounts that qualify for the credit must be includible in the taxpayer's adjusted basis for the property. The adjusted basis of any property for which the taxpayer has claimed a credit must be reduced by the amount of credit claimed for that property.

If the allowable tax credit exceeds the taxes otherwise due or, if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five taxable years as a credit against subsequent years' income tax liabilities.

Specific Instructions

Complete the name and taxpayer identification number section at the top of the form. Indicate the period covered by the taxable year (in an MM/DD/YYYY format). Attach the completed form to the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, S corporation, or a partnership is the taxpayer's federal employer identification number. The TIN for an individual is the taxpayer's social security number or an IRS individual taxpayer identification number. Taxpayers that fail to include their TIN may be subject to a penalty.

Part I - Schedule of Equipment and Calculation of Current Taxable Year's Credit

Lines 1 through 10 -

Column (a): Enter the date that the property was placed in service in Arizona.

Column (b): Enter a brief description of the property used in the taxpayer's business in Arizona to control or prevent pollution.

Column (c): Enter the cost of that portion of the property directly used to reduce pollution.

If there are more than 10 items of qualifying property, complete additional schedules. Attach the completed schedules to Form 315.

Line 11 -

Add lines 1 through 10 in column (c) and enter the total.

Line 12 -

Enter the aggregate column (c) totals from additional schedules.

Line 13 -

Add lines 11 and 12 and enter the total. This is the total cost of all items of property for which the taxpayer is claiming the credit.

Line 14 -

Multiply line 13 by 10 percent and enter the result.

Line 16 -

Enter the lesser of line 14 or line 15. This is the allowable credit for the current taxable year.

Part II - S Corporation Credit Election and Shareholder's Share of the Credit**Line 17 - S Corporation Credit Election**

S corporations must complete line 17. The S corporation must make an irrevocable election to either claim the credit or pass the credit through to its shareholders. The election statement must be signed by one of the officers of the S corporation who is also a signatory to the Form 120S.

Lines 18 through 20 -

If the S corporation elects to pass the credit through to its shareholders, it must also complete lines 18 through 20.

The S corporation must complete Part I. Then, complete Part II, lines 18 through 20, separately for each shareholder. The S corporation must furnish each shareholder with a copy of the completed Form 315.

If the S corporation passes the credit through to its shareholders, it must notify each shareholder of the shareholder's pro rata share of the adjustment to income required by the difference between the federal depreciable basis and the Arizona depreciable basis of the property for which the credit is claimed. The S corporation must also notify the shareholder of the shareholder's pro rata share of any difference in gain or loss on the sale or other disposition of the property due to the difference in basis.

Each shareholder must complete Part IV and Part V.

Part III - Partner's Share of Credit**Lines 21 through 23 -**

The partnership must complete Part I. Then, complete Part III, lines 21 through 23, separately for each partner. The partnership must furnish each partner with a copy of the completed Form 315.

Each partner must complete Part IV and Part V.

Part IV - Available Credit Carryover

Complete Part IV only if the allowable pollution control credit for prior taxable years exceeded the Arizona income tax liability for those taxable years. Calculate the total available carryover of the pollution control credit on page 2, Part IV, lines 24 through 29.

Enter the applicable taxable year(s) in column (a) on lines 24 through 28. In column (b), enter the credit originally computed for that taxable year. In column (c), enter the amount of the credit from that taxable year which has already been used. Subtract the amount in column (c) from column (b) and enter the difference in column (d). Add the amounts entered on lines 24 through 28 in column (d). Enter the total on line 29, column (d). This is the total pollution control credit carryover available for the current taxable year.

Part V - Total Available Credit**Line 30 -**

Individuals and corporations (including S corporations that elected to claim the credit) - Enter the current year's credit from Part I, line 16.

S corporation shareholders - Enter the credit from Part II, line 20.

Partners of a partnership - Enter the credit from Part III, line 23.

This is the current taxable year's pollution control credit.

Line 31 -

Enter the amount from Part IV, line 29, column (d). This is the total available credit carryover.

Line 32 -

Add lines 30 and 31. This is the total available pollution control credit which may be applied to the current taxable year's tax liability. Enter the total here and on Form 300, Part I, line 10, or Form 301, Part I, line 11.
