## General Instructions

For taxable years beginning from and after December 31, 2006 through December 31, 2019, Arizona law allows a credit for investments made in qualified small businesses.

The amount of the credit is the amount determined and authorized by the Arizona Commerce Authority (ACA).

To claim this credit, you must attach a copy of the ACA's *Authorization of Tax Credits* to your income tax return.

You must claim the credit on a timely filed return filed for the tax year in which the credit is available. A timely filed return is a return that you file by the return's original or extended due date. If you fail to timely file a return claiming the credit for a taxable year, the credit expires for that taxable year and there is no carryforward of the expired credit.

If the allowable tax credit is more than your tax liability or if you have no tax liability, you may carry the unused credit forward for up to the next 3 consecutive tax years.

This credit is available to individuals only. A corporation, including an S corporation, may not claim this credit. However, an S corporation may pass the credit through to its individual shareholders.

A partnership may pass the credit through to its individual partners. The total of the credits allowed all such owners may not exceed the amount that would have been allowed a sole owner.

The basis of any investment with respect to which you claim a credit must be reduced by the amount of the credit claimed with respect to the investment.

## Qualified Small Business Capital Investment Program

The ACA administers the Qualified Small Business Capital Investment program. The ACA cannot allocate tax credits exceeding \$20 million during the life of the program. Tax credits are authorized on a first come, first served basis. Income tax credits are equal to 30% or 35% of the investment amount and are claimed over a three year period.

To seek a tax credit under this program, you must submit an application for an *Authorization of Tax Credits* to the ACA. To obtain an *Authorization of Tax Credits*, you must document that each investment and the small business meet the eligibility requirements. The ACA will issue an *Authorization of Tax Credits* after determining eligibility of the investor. For more information about this credit, visit the ACA's web site at: [www.azcommerce.com](http://www.azcommerce.com).

All returns, statements, and other documents filed with the Department of Revenue require a TIN. The TIN is either a correct social security number (SSN) or an Internal Revenue Service individual taxpayer identification number (ITIN), or for a business, the employer identification number (EIN). Taxpayers who fail to include a TIN may be subject to a penalty. Be sure that all required identification numbers are written clearly.
