General Information

Estates

An Arizona resident estate is the estate of a decedent who was a resident of Arizona at the time of death. The starting point for the Arizona income tax computation for a resident estate is the estate's federal taxable income.

A nonresident estate is an estate that is not a resident estate. The starting point for a nonresident estate is that portion of the estate's federal taxable income derived from Arizona sources.

Trusts

An Arizona resident trust is a trust of which the fiduciary is a resident of Arizona. If the trust has more than one fiduciary, the trust is a resident trust if at least one of the fiduciaries is a resident of Arizona. If a corporate fiduciary engaged in interstate trust administration is the sole fiduciary of a trust, or is a co-fiduciary with a nonresident, the trust is a resident trust only if the corporate fiduciary conducts the administration of the trust in Arizona. The starting point for the Arizona income tax computation for a resident trust is the trust's federal taxable income.

A nonresident trust is a trust that is not a resident trust. The starting point for a nonresident trust is that portion of the trust's federal taxable income derived from Arizona sources.

Who Must File

The fiduciary, or fiduciaries, must file a return for an estate or trust if either of the following apply:

1. The estate or trust has any Arizona taxable income for the tax year.
2. The estate's or trust's gross income for the tax year is \$5,000 or more, regardless of the amount of the Arizona taxable income.

The above also applies to bankruptcy estates.

The fiduciary does not have to file a return if the income does not exceed the amounts shown in items 1 or 2 above.

NOTE: *The fiduciary must file a final return for an estate when the fiduciary is requesting a tax certificate required by the probate court. In this case, the fiduciary must file a final return regardless of the estate's income. See instructions for requesting a certificate on page 3.*

Fiduciary Filing Return on Form 140

A personal representative must file a return on Form 140 if any of the following apply:

- The gross income of a single decedent was \$15,000 or more.
- The Arizona adjusted gross income of a single decedent was \$5,500 or more.
- The Arizona adjusted gross income of a married decedent for which the representative will file a separate return was \$5,500 or more.
- The gross income of a married decedent for which the representative will file a separate return was \$15,000 or more.
- The Arizona adjusted gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was \$11,000 or more.
- The gross income of a married decedent and his or her surviving spouse for which a joint return will be filed was \$15,000 or more.

For individual filing purposes, gross income is gross income as defined under the Internal Revenue Code (IRC) less income included in gross income that is excluded from Arizona taxation.

Example:

A taxpayer died on June 29, 2013. The decedent had wages of \$9,700 and interest income of \$920 received through the date of death. The personal representative files a final Form 140 for the period January 1, 2013, through June 29, 2013. The personal representative notes on the Form 140 that the taxpayer is deceased as of June 29, 2013. The personal representative reports the wage and interest income of \$10,620 on the Form 140. The personal representative reports all income that the estate receives from June 30, 2013, forward on the Form 141AZ.

A fiduciary who has charge of the income of an individual must file a return of income on Form 140 if that individual's income meets the filing requirements. Such fiduciaries include guardians of minors and guardians or committees of legally incompetent persons.

Where several fiduciaries exist, a return filed by one of two or more joint fiduciaries is sufficient.

Filing for a Charitable Remainder Trust

Charitable remainder trusts should file on Arizona Form 141AZ. The fiduciary should indicate that the return is for a charitable remainder trust by checking the appropriate box on line 6.

The trustee should not enter any numerical figures on the face of the return. The trustee should not complete an Arizona Form 141AZ, Schedule K-1, or Schedule K-1(NR) for any of its beneficiaries.

Grantor Trusts

Grantor trusts file only an information return since the income reverts to the grantor. The grantor reports this income on the individual income tax return (AZ Form 140). Do not enter any numerical figures on the face of the return. Go directly to the signature line. The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6.

Where Should You Mail the Return?

If you are **expecting a refund, or owe no tax**, or owe tax but are not sending a payment, mail the return to:

Arizona Department of Revenue
PO Box 52138
Phoenix, AZ 85072-2138

If you are **sending a payment** with this return, mail the return to:

Arizona Department of Revenue
PO Box 52016
Phoenix, AZ 85072-2016

When Should You File?

Your 2013 calendar year tax return is due no later than midnight, April 15, 2014. You must file a return made on a fiscal year basis by the 15th day of the fourth month following the close of the fiscal year. Your original filing date must be the same for Arizona as it is for federal purposes.

You may request an extension if you know you will not be able to file on time. *An extension does not extend the time to pay the income tax. Failure to pay at least 90% (.90) of the tax due by the original due date will result in a penalty.* Arizona charges interest on any unpaid tax. The extension underpayment penalty is ½ of 1% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. The extension underpayment penalty cannot exceed 25% of the unpaid tax.

NOTE: *Arizona will grant a five-month extension. For more information, see Fiduciary Tax Ruling FTR 09-1.*

To Get a Filing Extension, You Can Either:

1. Apply for a state extension (Form 141AZ EXT). To apply for an automatic 5-month state extension, file Arizona Form 141 AZ EXT by April 15. See Form 141AZ EXT for details. You do not have to attach a copy of the extension to your return when you file, but make sure that you check extension box 82E on page 1 of the return. If you must make a payment, use Arizona Form 141AZ EXT.
2. Use your federal extension - file your Arizona return by the same due date. You do not have to attach a copy of the extension to your return, but make sure that you check extension box 82E on page 1 of the return.

Does an Estate or Trust Have to Make Estimated Payments?

An estate or trust does not have to make estimated payments. An estate or trust may elect to make Arizona estimated tax payments on Arizona Form 141AZ ES.

What if You File or Pay Late?

If you file or pay late, we will charge you interest and penalties on the amount you owe. If the U.S. Post Office postmarks your 2013 calendar return by April 15, 2014, your return will not be late. You may also use certain private delivery services designated by the Internal Revenue Service (IRS) to meet the "timely mailing as timely filed" rule.

Late Filing Penalty

If you file late, we will charge you a late filing penalty. This penalty is 4½% (.045) of the tax required to be shown on the return for each month or fraction of a month the return is late. This penalty cannot exceed 25% of the tax found to be remaining due.

Late Payment Penalty

If you pay your tax late, we will charge you a late payment penalty. This penalty is ½ of 1% (.005) of the amount shown as tax for each month or fraction of a month for which the failure continues. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed a total of 10% of the unpaid tax.

Extension Underpayment Penalty

If you file your return under an extension, you must pay 90% of the tax shown on your return by the return's original due date. If you do not pay this amount, we will charge you a penalty. This penalty is ½ of 1% (.005) of the tax not paid for each 30-day period or fraction of a 30-day period. We charge this penalty from the original due date of the return until the date you pay the tax. This penalty cannot exceed 25% of the unpaid tax. If we charge you the extension underpayment penalty, we will not charge you the late payment penalty under Arizona Revised Statutes (A.R.S.) § 42-1125(D).

NOTE: *If you are subject to two or more of the above penalties, the total cannot exceed 25%.*

Interest

We charge interest on any tax not paid by the due date. We will charge you interest even if you have an extension. If you have an extension, we will charge you interest from the original due date until the date you pay the tax. The Arizona interest rate is the same as the federal rate.

Amended Returns

If you are filing an amended AZ Form 141AZ, check the amended return box on line 6. Complete the entire return, correct the appropriate line(s) with the new information, and recompute your tax liability. On an attached schedule, explain the reason(s) for the amendment(s) and identify the line(s) and amount(s) being changed on the amended return. Also, attach a copy of the amended federal Form 1041.

NOTE: *You must plainly mark an amended return "Amended" by checking the appropriate box on line 6. The period covered by this return must be the same accounting period as covered by the original return. If you are amending a prior year return, use Form 141AZ for that taxable year.*

Copy of Will or Trust Instrument

Upon the department's request, the fiduciary must submit a copy of the will or trust instrument when the estate's or trust's gross income is \$5,000 or more. The fiduciary must swear that the will or trust instrument is a true and complete copy.

Reporting Payments Made by an Estate or Trust

An estate or trust that paid salaries or wages may have to report those payments to the department.

Request for Certificate of Payment of Taxes

IMPORTANT: *Make requests for this income tax certificate separately. Do not attach requests for the income tax certificate to Form 141AZ. The department can issue certificates only if required by the probate court.*

Mail requests to:

Arizona Department of Revenue
 Attention: Fiduciary Unit
 1600 West Monroe - Division Code 23
 Phoenix, AZ 85007-2650

If an estate is in probate, the probate court may require a certificate from the department that shows no income tax is due. The probate court may require this before approving the fiduciary's final account.

Arizona law requires a certificate only when **all** of the following apply.

1. The estate is subject to probate.
2. The value of the assets of the estate at the decedent's date of death exceeds \$20,000.
3. The estate has a beneficiary that is not an Arizona resident.

In order for the department to issue a certificate, **all** of the following must be met.

1. The fiduciary has filed Arizona Form 210 - *Notice of Assumption of Duties in a Fiduciary Capacity*.
2. A return was filed by or on behalf of the decedent and for the estate for each taxable year in which the respective incomes of the decedent or estate exceeded the requirements for filing returns.
3. A final Arizona fiduciary return is filed when the certificate is requested. This return must be filed regardless of the gross or net income for the year. If there is no income, submit a return with "zero" on all lines.

If filing a final return and you are **sending a payment** with this return, mail the return to:

Arizona Department of Revenue
 PO Box 52016
 Phoenix, AZ 85072-2016

If filing a final return and you are **expecting a refund, or owe no tax**, or owe tax but are not sending a payment, mail the return to:

Arizona Department of Revenue
 PO Box 52138
 Phoenix, AZ 85072-2138

4. The request must contain a statement regarding the status of returns filed by, or on behalf of, the decedent or for the estate for the four taxable years immediately preceding the date of the request. The fiduciary must make the statement under declaration of perjury. The statement must indicate:

- The years for which returns were filed.

Arizona Column

Enter that part of each item of income reported in the federal column that is derived from Arizona sources. Intangible income will not be considered to be from Arizona sources except where it is part of a business, trade, or occupation carried on in Arizona.

Schedule B - Fiduciary Adjustment**Fiduciary adjustment increasing federal taxable income**

Use lines B1 through B4 to figure the amount of fiduciary adjustment that increases federal taxable income.

Line B1 - Positive Arizona Fiduciary Adjustment From Another Estate or Trust

Use this adjustment only if the estate's or trust's Arizona Form 141AZ, Schedule K-1, indicates a difference between federal and state distributable income. If the amount shown on the Arizona Form 141AZ, Schedule K-1, is a positive number, enter that amount here.

Line B2 - Non-Arizona Municipal Bond Interest

Arizona taxes interest received from non-Arizona municipal bonds. Enter the amount of this type of interest income that you did not include on the federal return.

You may exclude any expenses incurred to purchase or hold the bond(s). Reduce the interest income by the amount of expenses that you could not deduct on your federal return.

Line B3 - Other Additions to Federal Taxable Income

Enter any other additions, including those shown below, to federal taxable income. Attach your own schedule.

A. Total Depreciation Included in Arizona Gross Income

Enter the amount of depreciation deducted on the federal return that is included in Arizona gross income. If you make an entry here, also see the instructions for line B8, "Other Subtractions From Federal Taxable Income."

B. Net Operating Losses

Arizona does not have specific provisions for calculating the net operating loss of estates or trusts. Generally, the net operating loss deduction included in the federal taxable income is the amount allowable for Arizona purposes. There are, however, instances when the amount allowable for Arizona may be different.

You must adjust the net operating loss deduction included in the federal taxable income if the estate or trust has already deducted any amount of the net operating loss included in federal taxable income for Arizona purposes. Enter on line B3, the amount of net operating loss included in federal taxable income that was previously deducted for Arizona purposes.

Usually, Arizona conforms to the federal net operating loss and the carryback provisions. Arizona, however, did not conform to the special federal net operating loss rules for 2008 and 2009. Under the special rules for 2008 and 2009, a taxpayer could have elected to carry the net operating loss back for 3, 4, or 5 years, instead of the normal 2 years. This election would have been allowed under IRC § 172(b)(1)(H) as amended by the American Recovery and Reinvestment Act of 2009 or the Worker, Homeownership, and Business Assistance Act of 2009. If a taxpayer deducted a federal net operating loss carryback under the federal American Recovery and Reinvestment Act of 2009 or the federal Worker, Homeownership, and Business Assistance Act of 2009, see the instructions for line B8, (M).

For information on deducting a net operating loss carryback in cases where a taxpayer did not make an election under IRC § 172(b)(1)(H), see Arizona Department of Revenue Income Tax Procedure ITP 99-1.

C. Annuity Income in Excess of Contributions

Make this adjustment if both of the following apply.

1. The estate or trust received annuity income and the first payment received from the annuity was before December 31, 1978.
2. The sum of the proceeds received from the annuity in all taxable years prior to and including the current tax year exceeds the total consideration premiums paid.

D. Excess of a Partner's Share of Partnership Taxable Income or Loss

Make this adjustment if the Arizona Form 165, Schedule K-1, shows a difference between federal and state distributable income.

If the difference reported on the Arizona Form 165, Schedule K-1, is a positive number, enter that difference as an addition. Enter the addition on line B3.

If the difference reported on the Arizona Form 165, Schedule K-1, is a negative number, enter that difference as a subtraction. Enter the subtraction on line B8.

E. Claim of Right Adjustment for Amounts Repaid in 2013

You must make an entry here if **all** of the following apply:

1. During 2013, the estate or trust was required to repay amounts held under a claim of right.
2. The amount required to be repaid was subject to Arizona income tax in the year included in income.
3. The amount required to be repaid during 2013 was more than \$3,000.
4. The estate or trust took a deduction for the amount repaid on its 2013 federal income tax return.
5. The deduction taken on the estate's or trust's federal income tax return is reflected in the Arizona taxable income.

If all of the above apply, enter the amount deducted on the federal income tax return that is reflected in the Arizona taxable income.

For more information on the Arizona claim of right provisions, see Arizona Department of Revenue Individual Income Tax Procedure ITP 95-1.

F. Claim of Right Adjustment for Amounts Repaid in Prior Taxable Years

You must make an entry here if **all** of the following apply:

1. During a year prior to 2013, the estate or trust was required to repay amounts held under a claim of right.
2. The estate or trust computed its tax for that prior year under Arizona's claim of right provisions.
3. A net operating loss or capital loss was established due to the repayment made in the prior year.
4. The estate or trust is entitled to take that net operating loss or capital loss carryover into account when computing its 2013 Arizona taxable income.
5. The amount of the loss carryover included in the estate's or trust's federal income is more than the amount allowed to be taken into account for Arizona purposes.

Enter the amount by which the loss carryover included in the federal income is more than the amount allowed for the taxable year under Arizona law.

G. Nonqualified Withdrawals From 529 College Savings Plans

Make this adjustment if both of the following apply.

1. The estate or trust received a nonqualified withdrawal from a 529 college savings plan.
2. The amount of withdrawal was not included in the federal taxable income.

The amount that the fiduciary must add is the amount of withdrawal, but no more than the difference between the amount of contributions subtracted in prior years and the amount added in any prior years.

A nonqualified withdrawal is a withdrawal other than any of the following:

- A qualified withdrawal. A qualified withdrawal is a withdrawal from an account to pay the qualified higher education expenses of the designated beneficiary of the account.
- A withdrawal made as the result of the death or disability of the designated beneficiary of an account.
- A withdrawal that is made on the account of a scholarship, or the allowance or payment described in IRC § 135(d)(1)(B) or (C), and that is received by the designated beneficiary, but only to the extent of the amount of this scholarship, allowance, or payment.
- A rollover or change of designated beneficiary.

H. Original Issue Discount (OID) on Reacquisition of Debt Instrument

For federal purposes, when an estate or trust made the special election to defer discharge of indebtedness (DOI) income under IRC § 108(i), the estate or trust was not allowed to take a deduction with respect to the portion of any OID that accrued with respect to that DOI income, during the income deferral period. In this case, the estate or trust had to deduct the aggregate amount of the OID deductions disallowed ratably over a 5-year period, beginning with the period in which the income was includible in federal adjusted gross income.

Arizona did not adopt the federal provisions requiring an estate or trust to defer the OID deduction in cases where the estate or trust federally deferred the DOI income.

For Arizona purposes, the estate or trust had to report the DOI income from a debt reacquisition in the year in which it reacquired the debt, and it was allowed to subtract any OID related to that DOI income in the year the OID accrued. (See the instructions for "Other Subtractions From Federal Taxable Income" line B8, (O)) If the estate's or trust's federal taxable income includes a deduction for any accrued OID already subtracted for Arizona purposes, make an addition to Arizona income for the amount of deferred OID deducted on the federal return. Generally, this addition will not apply until taxable year 2014 through 2018. However, if the estate or trust was required to accelerate reporting of the DOI income for federal purposes and was allowed to deduct accrued OID attributable to that income on a return filed for a year prior to 2014; this addition may apply to an earlier year. On line B3, enter the amount of any previously deferred OID deducted in computing the estate's or trust's 2013 federal taxable income, to the extent that the amount was previously subtracted from Arizona taxable income.

I. Estate Loss of an Arizona Nonprofit Medical Marijuana Dispensary (NMMD) included in Federal Adjusted Gross Income

If the NMMD was registered to an individual as a sole proprietorship and the NMMD becomes part of the individual's estate after the individual died, the estate is required to add the amount of the loss from the dispensary that is included in the computation of the estate's federal adjusted gross income. Include the amount of the loss on line B3.

J. Other Adjustments

Other special adjustments may be necessary. You may need to make an addition for depreciation or amortization. Call one of the numbers listed on page 1 of these instructions if any of the following apply.

1. You sold or disposed of property that was held for the production of income and your basis was computed under the Arizona Income Tax Act of 1954.
2. You elected to amortize the basis of a pollution control device or the cost of a childcare facility under Arizona law in effect before 1990. You are still deducting amortization or depreciation for that device or facility on your federal income tax return.

Line B4 - Total Adjustments Increasing Federal Taxable Income

Add lines B1 through B3. Enter the total.

Fiduciary Adjustment Decreasing Federal Taxable Income

Use lines B5 through B9 to figure the amount of fiduciary adjustment that decreases federal taxable income.

You may only subtract those items for which statutory authority exists. Without such authority, you cannot take a subtraction. If you have any questions concerning subtractions from income, call one of the numbers listed on page 1 of these instructions.

NOTE: *You cannot subtract any amount that is allocable to income excluded from Arizona taxable income.*

Enter the following *other* subtractions from federal taxable income. Attach your own schedule.

Line B5 - Negative Arizona Fiduciary Adjustment From Another Estate or Trust

Use this adjustment only if the Arizona Form 141AZ, Schedule K-1, indicates a difference between federal and state distributable income. If the amount shown on the Arizona Form 141AZ, Schedule K-1, is a negative number, enter that amount here.

Line B6 - Interest Received on U.S. Obligations

Enter the amount of interest income from U.S. Government obligations included on page 1, line 7. U.S. Government obligations include obligations such as U.S. savings bonds and treasury bills. You cannot deduct any interest or other related expenses incurred to purchase or carry the obligations. If such expenses are included in Arizona gross income, you must reduce the subtraction by such expenses. Reduce the subtraction only by the amount of such expenses included in your Arizona gross income.

NOTE: *Do not subtract interest earned on FNMA or GNMA bonds since this interest is taxable by Arizona. For details, see the Income Tax Ruling ITR 06-1.*

Do not subtract any amount received from a qualified pension plan that invests in U.S. Government obligations. Do not subtract any amount received from an IRA that invests in U.S. Government obligations. These amounts are not interest income. For more information, see Income Tax Rulings ITR 96-2 and ITR 96-3.

Line B7 - Refunds From Other States

Enter any state income tax refunds received from states other than Arizona. Enter an amount only to the extent it is included on page 1, line 7 of Arizona Form 141AZ.

Line B8 - Other Subtractions From Federal Taxable Income

Enter any other subtractions, including those shown below, to federal taxable income. Attach your own schedule.

A. Exclusion for U.S. Government, Arizona State, or Local Government Pensions

If the estate or trust received pension income from any of the sources listed below, subtract the amount received or \$2,500, whichever is less. Only include amounts which the estate or trust reported as income on the federal return.

Public pensions from the following sources qualify for this subtraction:

- The United States Government Service Retirement and Disability Fund
- The United States Foreign Service Retirement and Disability System
- Retired or retainer pay of the uniformed services of the United States
- Any other retirement system or plan established by federal law

NOTE: *This applies only to those retirement plans authorized and enacted into the U.S. Code. This does not apply to a retirement plan that is only regulated by federal law (i.e., plans that must meet certain federal criteria to be qualified plans).*

- The Arizona State Retirement System
- The Arizona State Retirement Plan
- The Corrections Officer Retirement Plan
- The Public Safety Personnel Retirement Plan
- The Elected Officials' Retirement Plan
- A retirement plan established for employees of a county, city, or town in Arizona
- An optional retirement program established by the Arizona Board of Regents under Arizona Revised Statutes
- An optional retirement program established by an Arizona community college district

NOTE: *Public retirement pensions from states other than Arizona do not qualify for this subtraction.*

This subtraction does not apply to nonresident estates or trusts.

B. Qualified Wood Stove, Wood Fireplace, or Gas Fired Fireplace

Arizona allows a subtraction for converting an existing fireplace to one of the following.

- a qualified wood stove
- a qualified wood fireplace, or
- a gas fired fireplace and non-optional equipment directly related to its operation

You may subtract up to \$500 for converting an existing fireplace on property located in Arizona to a qualified wood stove, qualified wood fireplace, or gas fired fireplace.

C. Claim of Right Adjustment for Amounts Repaid in Prior Taxable Years

You must make an entry here if **all** of the following apply:

1. During a year prior to 2013, the estate or trust was required to repay amounts held under a claim of right.
2. The estate or trust computed its tax for that prior year under Arizona's claim of right provisions.
3. A net operating loss or capital loss was established due to the repayment made in the prior year.
4. The estate or trust is entitled to take that net operating loss or capital loss carryover into account when computing its 2013 Arizona taxable income.
5. The amount of the loss carryover allowed to be taken into account for Arizona purposes is more than the amount included in your federal income.

Enter the amount by which the loss carryover allowed for the taxable year under Arizona law is more than the amount included in your federal income.

D. Certain Expenses Not Allowed For Federal Purposes

The estate or trust may subtract some expenses that it cannot deduct on its federal return when the estate or trust claims certain federal tax credits. These federal tax credits are

- The federal work opportunity credit
- The empowerment zone employment credit
- The credit for employer-paid social security taxes on employee cash tips
- The Indian employment credit

If the estate or trust claimed any of these federal tax credits for 2013, enter the portion of wages or salaries it paid or incurred during the taxable year equal to the amount of those federal tax credits it received.

A nonresident estate or trust should enter the amount of wages or salaries that it paid or incurred during the taxable year that is related to the income sourced to Arizona. The subtraction is equal to the amount of the federal credits it received.

E. Employer Contributions Made to Employee Medical Savings Accounts

If the estate or trust is an employer, it may subtract the amount contributed to its employees' medical savings accounts that are established under Arizona law.

The amount the estate or trust can subtract is equal to the amount that was not deductible on its federal return. The amount it can subtract is equal the amount that is included in its Arizona gross income.

F. Agricultural Crops Given to Charitable Organizations

Arizona allows a subtraction for qualified crop gifts made during 2013 to one or more charitable organizations. To take this subtraction, **all** of the following must apply.

- The estate or trust must be engaged in the business of farming or processing agricultural crops.
- The crop must be grown in Arizona.
- The gift must be made to a charitable organization located in Arizona.
- The charitable organization must be exempt from Arizona income tax.

The subtraction is the greater of the wholesale market price or the most recent sale price for the crop given. The amount of the subtraction cannot include any amount deducted under IRC § 170 with respect to the crop contribution that exceeds the cost of producing the contributed crop.

To determine if the estate's or trust's crop gift qualifies for this subtraction, see Income Tax Procedure, ITP 12-1.

G. Installment Sale Income From Another State Taxed by the Other State in a Prior Taxable Year

The estate or trust may subtract any income from an installment sale that has been properly subjected to income tax in another state in a prior tax year. Enter the amount of such income included in Arizona gross income in the current taxable year.

This subtraction does not apply to nonresident estates or trusts.

H. Subtraction for World War II Victims

The estate or trust may subtract distributions made to it for the decedent's or settlor's persecution by Nazi Germany or any other Axis regime for racial, religious, or political reasons. The estate or trust may also subtract distributions made for the persecution of the ancestors of the decedent or settlor. If the estate or trust is the first recipient of such distributions, enter the amount of the distributions that it had to include in the estate's or trust's federal taxable income.

The estate or trust may also subtract certain items of income, if the decedent or settlor was persecuted by Nazi Germany or any other Axis regime for racial, religious, or political reasons before, during, or immediately after World War II. The income must be attributable to, derived from, or related to assets that were stolen or hidden from the decedent or settlor. If the estate or trust is the first recipient of such income, enter the amount of income that it had to include in the estate's or trust's federal taxable income.

A nonresident estate or trust should enter such payments only to the extent included in Arizona taxable income.

I. Recalculated Arizona Depreciation

Resident Estate or Trust

Enter the total amount of depreciation allowable pursuant to IRC § 167(a) for the taxable year calculated as if the taxpayer had elected not to claim bonus depreciation for eligible properties for federal purposes.

Nonresident Estate or Trust

Enter the total amount of depreciation attributable to assets used in an Arizona business allowable pursuant to IRC § 167(a) for the taxable year calculated as if the taxpayer had elected not to claim bonus depreciation for eligible properties for federal purposes.

J. Basis Adjustment for Property Sold or Otherwise Disposed of During the Taxable Year

With respect to property that is sold or otherwise disposed of during the taxable year by a taxpayer who has complied with the requirement to add back all depreciation with respect to that property on tax returns for all taxable years beginning from and after December 31, 1999; enter the amount of depreciation that was allowed pursuant to IRC § 167(a), to the extent that the amount has not already reduced Arizona taxable income in the current or prior years. (Note: The practical effect of this is to allow a subtraction for the difference in basis for any asset for which bonus depreciation has been claimed on the federal return.) A nonresident estate or trust may make this adjustment for only property that was used in an Arizona business.

K. Federal Estate Taxes Paid by an Estate

An estate may subtract the amount of federal estate tax paid by the estate in the current taxable year. Enter the amount of federal estate taxes paid in 2013.

L. Contributions to 529 College Savings Plans

An estate or trust may subtract amounts it contributes to 529 college savings plans during the taxable year. The estate or trust may subtract the amount contributed during the year up to a total of \$2,000.

M. Net Operating Loss Adjustment

NOTE: *This subtraction applies to only those estates or trusts that made an election under the special federal net operating loss rules for 2008 and 2009. Under these federal rules for 2008 and 2009, an estate or trust could have elected to carry the net operating loss back for 3, 4, or 5 years, instead of the normal 2 years. This election would have been allowed under IRC § 172(b)(1)(H) as amended by the American Recovery and Reinvestment Act of 2009 or the Worker, Homeownership, and Business Assistance Act of 2009.*

Arizona did not adopt the special federal net operating loss rules for losses incurred during 2008 or 2009. For Arizona purposes, estates or trusts must deduct a net operating loss as if the loss was computed under IRC § 172 in effect prior to the enactment of those special rules.

Resident Estate or Trust

If the estate or trust made an election to deduct a 2008 or 2009 federal net operating loss under IRC § 172(b)(1)(H), the estate or trust may have to enter an amount here. Figure how much of the net operating loss carry forward would have been allowed as a deduction on the estate's or trust's 2012 federal income tax return, if the election described in IRC § 172(b)(1)(H) had not been made in the year of the loss. On line B8, enter the amount that exceeds the actual net operating loss carry forward that was deducted in arriving at federal taxable income.

Nonresident Estate or Trust

Figure how much of the net operating loss carry forward would have been allowed as a deduction on the estate's or trust's 2013 federal income tax return, if the election described in IRC § 172(b)(1)(H) had not been made in the year of the loss. Then figure how much of the carry forward computed under that method was derived from Arizona source losses. The amount the estate or trust may take as a subtraction is the difference between the amount of Arizona source net operating loss carryover allowable as a deduction for federal purposes under the as if calculation and the amount of the Arizona source net operating loss deduction actually taken for federal purposes that the estate or trust included in its Arizona gross income. On line B8, enter the amount of allowable Arizona source loss carry forward deduction that exceeds the actual amount of Arizona source net operating loss carry forward deduction that was deducted in arriving at Arizona gross income.

NOTE: *As an Arizona nonresident estate or trust, the estate or trust may have had a loss from prior year Arizona business operations. However, the loss cannot offset this year's income unless the as if calculation results in an Arizona source net operating loss deduction for federal purposes. The estate or trust can only take this subtraction if the as if federal net operating loss deduction for 2013 includes Arizona source losses that have not been absorbed by non-Arizona income in any intervening years. The estate or trust cannot subtract any amount of that net operating loss that has been absorbed by non-Arizona income in any intervening years. The estate or trust also cannot take a subtraction for any amount that has already been deducted for Arizona purposes.*

N. Previously Deferred Discharge of Indebtedness (DOI) Income Adjustment

Generally, when a loan is settled for less than the amount owed, DOI income is realized by the debtor and usually must be included in the debtor's gross income. The amount of DOI income is generally equal to the amount of loan forgiveness. DOI income also occurs when a debtor repurchases its own debt at a discount (a price lower than the adjusted basis issue price of the debt instrument). In debt repurchase transactions, the amount of DOI income is generally equal to the difference between the adjusted issue price and the price paid for the debt instrument.

For federal purposes, an estate or trust may have made a special election for taxable years 2009 or 2010 to include DOI income in connection with the reacquisition of a business debt instrument, ratably over a 5-year period. An estate or trust that made this election will generally include this income in federal taxable income beginning with the 2014 taxable year. An estate or trust would have made the federal election under IRC § 108(i) as added by the American Recovery and Reinvestment Act of 2009. Arizona did not adopt the special federal DOI income deferral provisions for the 2009 or 2010 taxable year.

For Arizona purposes, if a taxpayer made the federal election to defer the inclusion of DOI income under IRC § 108(i), the estate or trust was required to add the amount of deferred DOI income to Arizona income for the year for which the estate or trust made the election. If the estate or trust made the required addition to Arizona income on the Arizona return filed for the year in which the estate or trust reacquired the debt instrument (2009 or 2010), Arizona will not tax that DOI income twice. In the year in which the estate or trust includes that deferred DOI income in federal taxable income, the estate or trust may take a subtraction for the amount included for that year. Usually this subtraction will apply to taxable years 2014 through 2018. However, if the estate or trust had to accelerate the deferral for federal purposes, this subtraction may apply to a taxable year prior to 2014.

Resident Estate or Trust

On line B8, enter the amount of previously deferred DOI income included in federal taxable income for the current taxable year to the extent that the amount was previously added to the Arizona income.

Nonresident Estate or Trust

On line B8, enter the amount of previously deferred Arizona source DOI that the estate or trust included in its Arizona gross income for the current taxable year to the extent that the amount was previously added to the estate's or trust's Arizona income.

O. Original Issue Discount (OID) on Reacquisition of Debt Instrument

For federal purposes, when an estate or trust made the special election to defer discharge of indebtedness (DOI) income under IRC § 108(i) (for 2009 or 2010), the taxpayer was not allowed to take a deduction with respect to the portion of any OID that accrued with respect to that DOI income, during the income deferral period. Arizona did not adopt the federal provisions requiring an estate or trust to defer the OID deduction in cases where the estate or trust federally deferred the DOI income under IRC § 108(i). In this case, the estate or trust must deduct the aggregate amount of the OID deductions disallowed ratably over a 5 year period, beginning with the period in which the income is includible in an estate's or trust's federal taxable income.

For Arizona purposes, an estate or trust was required to add the amount of deferred DOI income to its Arizona income on the

return filed for the year in which it reacquired the debt instrument. Since Arizona is taxing the federally deferred DOI income for 2009 or 2010 on the 2009 or 2010 Arizona return, the estate or trust may subtract the amount of OID that accrued during the taxable year with respect to that DOI income.

Resident Estate or Trust

On line B8, enter the amount of any OID that was deferred and not allowed to be deducted in computing federal taxable income for 2013 under IRC § 108(i).

Nonresident Estate or Trust

On line B8, enter the amount of any OID related to that Arizona source income that was deferred and not allowed to be deducted in computing federal taxable income for 2013 under IRC § 108(i).

P. Estate Income of an Arizona Nonprofit Medical Marijuana Dispensary (NMMD) included in Federal Adjusted Gross Income

If the NMMD was registered to an individual as a sole proprietorship and the NMMD becomes part of the individual's estate after the individual died, the estate may subtract the amount of the income from the dispensary that is included in the computation of the estate's federal adjusted gross income. Include the amount of the income on line B8.

Q. Other Adjustments

Other special adjustments may be necessary. Call one of the numbers listed on page 1 of these instructions if any of the following apply.

- You sold or disposed of property that was held for the production of income and your basis was computed under the Arizona Income Tax Act of 1954.
- You deferred exploration expenses determined under IRC § 617 in a taxable year ending before January 1, 1990, and you have not previously taken a subtraction for those expenses.

Line B9 - Total Adjustments Decreasing Federal Taxable Income

Add lines B5 through B8. Enter the total.

Line B10 - Net Fiduciary Adjustment

Subtract the amount on line B9 from the amount on line B4. If the result is a negative number, enter the result in brackets. Also, enter the result on Form 141AZ, page 1, line 8.

Schedule C - Fiduciary Adjustment Allocation

Use Schedule C to determine the allocation of the shares of the Arizona fiduciary adjustment. This adjustment is divided among the beneficiaries and the fiduciary in proportion to their share of the federal distributable net income. If there is no federal distributable net income, each beneficiary's share of the adjustment is in proportion to each share of the estate or trust income distributed. Any balance of the adjustment not allocated to the beneficiaries is allocable to the fiduciary.

Lines C1 through C10 -

In column (a), enter the name of each beneficiary. In column (b), enter each beneficiary's share of the federal distributable net income. In column (c), enter the percentage of the estate or trust to be distributed to each beneficiary in accordance with the documents or laws controlling distribution of the estate or trust. If the estate or trust has more than 10 beneficiaries, complete an additional schedule.

The schedule should show the same information required on lines C1 through C10.

Line C11 -

Add the amounts on lines C1 through C10 in column (b). Add the percents on lines C1 through C10 in column (c). If the fiduciary completed an additional schedule because there are more than 10 beneficiaries, include the amounts from the additional schedule on line C11.

Line C12 -

In column (b), enter the fiduciary's share of the federal distributable net income. In column (c), enter the percentage of the fiduciary's share of federal distributable net income computed in accordance with the documents or laws controlling distribution of the estate or trust.

Lines C13 through C16 -

Complete lines C13 through C16 as instructed on the form.

Schedule D - Federal Distributable Net Income From Arizona Sources

Schedule D is used to determine the net estate or trust income reportable to Arizona by nonresident beneficiaries. Use the information in Schedule D to complete Forms 141AZ, Schedule K-1(NR) for nonresident beneficiaries.

The fiduciary should complete Schedule D only if the trust or estate has Arizona nonresident beneficiaries. If the trust or estate does not have any nonresident beneficiaries, the fiduciary should skip Schedule D.

Lines D1 through D9 -

In column (b), enter an amount for each item from which federal distributable net income is comprised. The total entered on line D9, column (b), should equal the federal distributable net income.

In column (c), enter that portion of federal distributable net income derived from Arizona sources. Such income includes Arizona rental and business income, and gains on the sale of Arizona property.

Line 13 -

Add lines 11 and 12. Enter the total.

Line 14 - Income of a Trust Established as a Medical Savings Account

Lines 15a through 15e – Net Capital Gain or (Loss) and Net Long-Term Capital Gain Subtraction for assets acquired after December 31, 2011.

Beginning in 2013, the estate or trust may subtract a percentage of any net long-term capital gain included in the federal taxable income of a resident estate or trust (or the Arizona gross income of a nonresident estate or trust) that is derived from an investment in an asset acquired after December 31, 2011. For 2013, the percentage is 10% (.10).

If both Arizona and another state or country considers an estate or trust to be a resident, Arizona will allow the estate or trust a tax credit against the Arizona income tax liability for taxes paid to the other state or country.

The credit allowed on the Arizona fiduciary return is subject to the following conditions:

1. The credit is allowed only for the proportion of the taxes paid to the other state or country that the income taxable to Arizona and also subject to tax in the other state or country bears to the entire income on which the taxes paid to the other state or country are imposed.
2. The credit cannot exceed the proportion of the tax payable to Arizona that the income subject to tax in the other state or country and also taxable to Arizona bears to the entire income that is taxable to Arizona.
3. The credit is not allowed for taxes paid to the other state or country on income from sources within Arizona.

If claiming this tax credit, the estate or trust must attach the following items to the Arizona Form 141AZ:

1. A copy of the other state or country's income tax return.
2. A schedule showing how the credit was calculated.

2. Include the credit for the prior year tax reduction in the total entered on line 24.

Filing Reminder to Fiduciary Filers

1. Be sure to use the correct year's form to file the return. Also, be sure to clearly mark the period covered by the return.
2. Enter the correct EIN on the return.
3. If the estate or trust is ready to file but has not yet received an EIN, it may file the return. Let us know what the number is as soon as it is received. Mail the correspondence to:
Taxpayer Assistance
Arizona Department of Revenue
PO Box 29086
Phoenix, AZ 85038-9086
4. Write the estate's or trust's EIN and tax year on the front of all checks and correspondence. Attach the check to the upper left hand corner of the front of the return.
5. Do not attach correspondence to the back of the returns. Mail all correspondence separate from returns to:
Taxpayer Assistance
Arizona Department of Revenue
PO Box 29086
Phoenix, AZ 85038-9086
6. When filing returns that generate a refund due to any previous payments (i.e., amount paid with extension, amount paid as estimated payment, amount paid with original returns), it may speed the refund process if a copy of the canceled check of the previous payment accompanies the return generating the refund.
7. If the estate or trust is a fiscal year filer (for periods not ending in December), use the Tax Table for the prior year. Example: If filing for April 1, 2012, to March 31, 2013, use the 2012 Tax table. If this return is for a short taxable year, use the 2013 Tax Table. Example: If filing for June 1, 2013, to November 30, 2013, use the 2013 Tax Table.
8. If the income is taxable but deductions bring the return to zero, make sure all necessary lines are filled in to support this declaration.
9. Grantor trusts file an information return using Form 141AZ showing no numerical figures for lines 7 through 30. Taxable income on a grantor trust reverts to the grantor. The grantor reports this income on the individual income tax return. The fiduciary should indicate that the return is for a grantor trust by checking the appropriate box on line 6.
10. When filing an amended Form 141AZ return, be sure the return is marked as an amended return. You must plainly mark an amended return "amended" by checking the appropriate box on line 6. If amending the 2013 return use the 2013 form. If amending a different tax year, use the Form 141AZ for that tax year.

11. File returns on time to avoid late filing and/or late payment penalties. Returns are due on the 15th day of the fourth (4th) month from the date the tax period ends.

Taxpayer's Identification Numbers

All returns, statements, and other documents filed with the Department of Revenue require a taxpayer identification number (TIN). The TIN for a trust or an estate is its EIN.

Taxpayers who fail to include the proper TIN may be subject to a penalty. Please check the return to be sure that all required identification numbers are accurate and written clearly. Missing, incorrect, or unclear identification numbers may cause delays in processing the returns.

Identification Numbers for Paid Preparers

If you pay someone else to prepare your return, that person must also include an identification number where requested.

A paid preparer may use any of the following

- his or her PTIN
- his or her SSN
- the EIN for business

A paid preparer who fails to include the proper numbers may be subject to a penalty.

- **Net long-term capital gain or (loss) from assets acquired after December 31, 2011:**
If the amount on line 12, column (e) is a net *gain*, enter the amount from line 12, column (e) on Form 141, line 15d.
If the amount on line 12, column (e) is a net *loss*, the estate or trust cannot take a subtraction for any net long-term capital gain from assets acquired after December 31, 2011.

Instructions for completing the worksheet for the subtraction from Arizona gross income for the net long-term capital gain from assets acquired *after* December 31, 2011.

Purpose of the Worksheet

Beginning 2013, the estate or trust may subtract a percentage of any undistributed net long-term capital gain included in its federal taxable income (resident estate or trust) or its Arizona gross income (nonresident estate or trust) that is from an investment in an asset acquired after December 31, 2011. The worksheet is used to identify a *qualified* asset. For purpose of this subtraction, “qualified” means a capital asset acquired after December 31, 2011 and held for more than one year.

To take the allowable subtraction, you must know whether the capital gain or (loss) is considered short-term or long-term. Only the net long-term capital gain from qualified assets is used to compute the allowable subtraction. For more information about determining whether a gain or (loss) is short term or long term, see federal *Publication 544* at www.irs.gov.

Who Should Complete this Worksheet?

Complete the worksheet to compute the allowable subtraction if the estate or trust has a net long-term capital gain included in federal taxable income (resident estate or trust) or its Arizona gross income (nonresident estate or trust) and the gain includes assets purchased *after* December 31, 2011.

Do *not* complete this worksheet if either of the following applies.

- The estate or trust does not have any capital gains to report for the current tax year; or
- The estate or trust does not have any net capital gain from qualified asset(s) acquired *after* December 31, 2011, to report for the current tax year.

General Instructions

1. Enter the estate’s or trust’s name and employer identification number as shown on Form 141, page 1.
2. Check the box if this worksheet is for an original or an amended return.
3. Keep this worksheet for the estate’s or trust’s records.

Line-by-Line instructions for completing the worksheet

- **Column (b)** is the total amount of *net* long-term capital gains or (losses) included in Arizona gross income. For a resident estate or trust, the Arizona gross income is the federal taxable income. For a nonresident estate or trust, the Arizona gross income is that part of the federal taxable income derived from Arizona sources.

- **Column (c)** is the amount of the long-term capital gains or (losses), included in column (b) for assets acquired before January 1, 2012.
- **Column (d)** is the amount of the long-term capital gains or (losses), included in column (b) for assets acquired *after* December 31, 2011.
- **Column (e)** is the amount of the long-term capital gains or (losses) for assets acquired *after* December 31, 2011, taxable to the estate or trust.
