NOTE – To claim this credit:

- **Individual taxpayers that did not make the Small Business Income election**, complete this credit form and Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture. *Include both completed forms with your Individual Income Tax Return, (Form 140, 140PY, 140NR, or 140X).*
- **Individual taxpayers that made the Small Business Income election and also paid tax on the small business income to another state or country**, complete credit Form 309-SBI and Arizona Form 301-SBI, Nonrefundable Individual Tax Credits and Recapture for Form 140-SBI, 140PY-SBI, 140NR-SBI and 140X-SBI. *Include both completed forms with your SBI Tax Return (Form 140-SBI, 140PY-SBI, 140NR-SBI, or 140X-SBI).*

Use Arizona Form 309 to figure your credit for taxes paid to Arizona and another state or country on the same income. If claiming a credit for more than one state or country, complete a separate Form 309 for **each** state or country.

NOTE: *If you are claiming a credit on Form 301 or 301-SBI for taxes paid to another state or county for the amount of taxes paid by a partnership or S corporation that elected to pay taxes at the entity level, the allowable tax credit on Form 309 may not exceed the amount that would have been allowed if the income were taxed at the individual level and not taxed at the entity level. For more information, see Arizona Revised Statute § 43-1071(G).*

If you are claiming a credit for taxes paid to more than one foreign country for income received from an investment in a regulated investment company (RIC) including, but not

limited to, mutual funds, exchange trade funds (ETF), and real estate investment trusts (REITS), see Income Tax Procedure (ITP) 20-1, *Procedure for Calculating Credit for Taxes Paid to Another Country by Arizona Resident Individuals*, for additional instructions.

NOTE: *Individuals claiming this credit must also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Form 301 and Form(s) 309 with your tax return to claim this credit.*

Estates and Trusts claiming a credit for taxes paid to another state or country are not required to complete Forms 301 and 309. See the instructions for Arizona Form 141AZ (line 18) for requirements to claim this credit.

If you are not sure what amounts you should enter on Form 309, see the department’s procedure, ITP 08-1, *Procedure for Calculating Credit for Taxes Paid to Another State or Country by Arizona Resident Individuals*.

NOTE: *You must notify the department immediately if the other state or country credits or refunds taxes for which you have received an Arizona credit. In this case, you must file an amended return.*

Complete this form only if you meet the following:

1. You are filing a 2023 Arizona income tax return.
 2. You paid a **net** income tax to another qualified state or country for 2023.
- If you are claiming a credit for taxes paid to another state, payroll taxes withheld from income do not constitute a net income tax. Having tax withheld from your pay by Arizona and another state does not by itself qualify you for this credit. You must file a net income tax return to the other state.
 - If you are claiming a credit for taxes paid to another country, a net income tax paid to another country includes those taxes that qualify for a credit under Internal Revenue Code (IRC) §§ 901 and 903.

NOTE: *To claim a credit for taxes paid to a foreign country, you must complete Form 309. You must complete Form 309 even if you did not have to complete federal Form 1116 to claim a credit on your federal return.*

You may not claim this credit for the following:

- income taxes paid to any city or county, and
- interest or penalties paid to another state or country.

NOTE: *If you file an amended return after you claim this credit, be sure to recalculate the credit, if required.*

You cannot apply this credit against interest or penalties payable to Arizona.

NOTE: *You may use this credit only in the year incurred. You cannot carry the credit forward to the next year. You also cannot carry the credit back to a prior year.*

Are You Claiming Other Arizona Tax Credits?

A.R.S. § 43-1071 provides that residents shall be allowed a credit against the taxes imposed by Title 43, Chapter 10, for net income taxes imposed by and paid to another state or country on income taxable under this chapter.

“Taxes payable under this chapter” means the income tax imposed by this state on the taxpayer’s taxable income as defined under section 43-1001 minus any tax credit amount claimed for the taxable year under this article but not including the credit amount under this section.”

Therefore, Arizona will only allow a taxpayer to claim the credit for taxes paid to another state or country *after* applying all other available credits.

To determine if you have any remaining tax liability in which to apply the credit for taxes paid to another state or country, use the following rules when applying other tax credits.

- First, apply any credits that cannot be carried over or refunded.
- Second, apply any credits that can be carried over for a limited duration.
- Third, apply refundable credits

If there remains an income tax liability after applying those credits, then you may apply the credit for taxes paid to another state or country.

Arizona Resident

Arizona residents are allowed a credit against Arizona income taxes for net income taxes imposed by and paid to another state or country if the following apply:

- The income taxed in Arizona is derived from sources within another state or country. This income is subject to a net income tax in the other state or country regardless of your residence.
- The other state or country does not allow Arizona residents a credit for taxes imposed on income subject to tax in both Arizona and the other state or country.

As an Arizona resident, nonresident returns filed with the following states qualify for the credit:

Alabama, Arkansas, Colorado, Connecticut, Delaware, District of Columbia (see note below), Georgia, Hawaii, Idaho, Illinois, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Utah, Vermont, West Virginia and Wisconsin.

NOTE: *Only income tax paid under the District of Columbia's Unincorporated Business Franchise Tax qualifies for the credit. The tax must be paid by an individual and not the business entity for the credit to qualify.*

Important: *As an Arizona resident, nonresident returns filed with the following states DO NOT QUALIFY for the credit on the Arizona return:*

Alaska, California, Florida, Indiana, Nevada, New Hampshire, Oregon, South Dakota, Tennessee, Texas, Virginia, Washington and Wyoming.

You may be able to claim a credit for taxes paid to Arizona on the nonresident return filed with any of those states listed above.

For tax year 2023, as an Arizona resident, nonresident returns filed with the following states qualify for the credit for the pass-through taxes paid on behalf of the Arizona resident.

Alabama, Arkansas, Colorado, Connecticut, District of Columbia, Georgia, Idaho, Illinois, Kansas, Louisiana, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri (beginning in 2023), New Jersey, New Mexico, New York, North Carolina, Ohio, Oklahoma, Rhode Island, South Carolina, Utah, and Wisconsin.

Important: *As an Arizona resident, nonresidents returns filed with the following states DO NOT QUALIFY for the PTE tax credit on the Arizona return:*

California, Oregon and Virginia.

You may be able to claim a credit for taxes paid to Arizona on the nonresident return filed with any of those states listed above.

Nonresident

A credit against Arizona income taxes is allowed for Arizona nonresidents who are not allowed a credit by their state or country of residence for taxes paid to Arizona if either:

- The other state or country does not tax Arizona residents on income derived from sources within the other state or country.
- The other state or country allows Arizona residents credit for taxes paid on income subject to tax by the other state or country and Arizona.

Arizona nonresidents who file resident returns with the following states qualify for the credit.

- California, Indiana, Oregon, and Virginia

NOTE: *This list is subject to change at any time.*

Arizona nonresidents who file resident returns with the following states qualify for the PTE credit.

- California, Oregon, and Virginia

NOTE: *This list is subject to change at any time.*

Part-Year Residents

For that part of the year you were a resident of Arizona, follow the instructions for residents.

For that part of the year you were an Arizona nonresident, follow the instructions for nonresidents.

Dual Resident

You may be eligible to claim the credit if you are a full-year Arizona resident filing Arizona Form 140 and you are also considered to be a resident of another state under the laws of that other state. Figure your credit for taxes paid to Arizona and that other state on the same income that is taxable by both Arizona and the other state, but only on income that would be sourced to the other state if you had to report that income as a nonresident.

You may claim the credit as a dual resident if you meet the following:

1. You are filing a 2023 full-year Arizona resident income tax return.
2. You are considered to be a resident of another state under the laws of that other state.
3. You paid a **net** income tax to that other state.

An Arizona resident who is also considered to be a resident of another state under the laws of that state is allowed a credit against Arizona income taxes for net income taxes imposed by and paid to that other state if the following apply:

- The other state taxes the income of the Arizona resident and does not allow the Arizona resident a credit for taxes imposed on income subject to tax in both Arizona and the other state.
- The credit is allowed only for taxes imposed on income that would have been sourced to the other state if the Arizona resident had filed as a nonresident to the other state.

NOTE: *If you are an Arizona full-year resident and also considered to be a resident of another state under the laws of that other state, complete the Schedule of Income Allocation, on page 2 of Form 309 before you complete page 1 of Form 309.*

Required Forms

Upon request by the department, the taxpayer shall provide the following as proof for claiming the credit.

- Copy of other state or country's tax return.
If the other country does not require a taxpayer to file a tax return, provide documentation showing amount of tax imposed and paid.
- Copy of brokerage statement, if applicable.
- Proof of payment.
- Statement showing conversion rate for taxes paid to other country.

Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, Form 140NR, Form 140PY, or Form 140X.

Make sure that every return, statement, or document that you file with the department has your SSN. Failing to include the proper numbers may subject you or your preparer to a penalty. Make sure that all of the required identification numbers are clear and correct. Your return may take longer to process if identification numbers are missing, incorrect, or unclear.

If your name appears first on the return, make sure your SSN is the first number listed.

Part 1 - Computation of Income Subject to Tax by Both Arizona and the Other State or Country During 2023

A. If you are claiming a credit for income taxes paid to another state, enter in the space provided, the two-letter abbreviation for that state. See the last page of these instructions for a list of state abbreviations.

B. If you are claiming a credit for income taxes paid to another country, enter the name of that country on the line provided. *See note on top of the next column.*

NOTE: *If you are claiming a credit for taxes paid to more than one foreign country for income received from an investment in a regulated investment company (RIC) including, but not limited to, mutual funds, exchange trade funds (ETF), and real estate investment trusts (REITS), enter "Various" in Part 1, on line B.*

In order for income to be taxed by both Arizona and another state or country, the following must exist.

For an Arizona resident:

1. The same income must be taxed by both Arizona and the other state or country.
2. The income must have its source within the other state or country.

For a nonresident:

1. The same income must be taxed by both Arizona and the other state or country.
2. The income must have its source within Arizona.

Lines 1 through 6

NOTE: Do **not** include any income item reported on your small business income tax return.

Provide a breakdown of your income which is subject to tax in both Arizona and the other state or country. Complete lines 1 through 5 separately for each income item listed in columns (a) through (c). If you have more than three items of income from the other state or country for which you are claiming the credit, complete additional schedules.

NOTE: *If you are an Arizona resident who is also considered to be a resident of another state under the laws of that other state, complete the Schedule of Income Allocation, on page 2 of Form 309 before you complete Part 1, lines 1 through 6 of Form 309.*

Line 1

Identify the income item from which the income subject to tax in both Arizona and the other state or country is derived. If you have more than one income item, complete column(s) (b) and (c), as necessary. Examples of such income are business income, partnership income, wages, etc. Enter an item in column (a) only if your Arizona adjusted gross income and the adjusted gross income of the return filed with the other state or country includes the income from that item.

If you are an Arizona resident and also considered to be a resident of another state, enter the income item and amount from column (d) of the *Schedule of Income Allocation*.

If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the item of income from which the foreign taxes were withheld.

Line 2

Enter the amount of income from the item listed on line 1 reportable to both Arizona and the other state or country. This is the amount of income derived from that item which you must include in the income reported to both Arizona and the other state or country.

NOTE: *If you are claiming a credit for taxes paid to more than one foreign country for income received from an investment in a regulated investment company (RIC) including, but not limited to, mutual funds, exchange trade funds (ETF), and real estate investment trusts (REITS), enter the total amount of income received on line 2, column (a).*

Line 3

Enter that portion of income on line 2 included in your Arizona adjusted gross income. This amount is that portion of the amount of income included on line 2 that is also included in your Arizona gross income adjusted by any additions or subtractions related to that income required under Arizona law.

For example, during the tax year, Taxpayer A, a full-year Arizona resident, had Schedule C business income of \$50,000 from State P. This \$50,000 of Schedule C income is reportable to both Arizona and to State P.

For federal purposes, Taxpayer A included the \$50,000 in federal adjusted gross income, but also reduced that Schedule C business income by ½ of the self-employment tax related to that income (\$3,532) and by the amount of self-employed health insurance deduction (\$6,000). Therefore, only \$40,468 [$\$50,000 - (\$3,532 + \$6,000)$] of the \$50,000 Schedule C income is included in Taxpayer A's Arizona gross income. Arizona law requires no further additions or subtractions related to this Schedule C income included in Taxpayer A's

Arizona gross income. Therefore, the amount of Schedule C income included in Taxpayer A's Arizona adjusted gross income would be \$40,468. Taxpayer A would enter \$40,468 on line 3.

Line 4

Enter that portion of income on line 2 which is included in the other state or country's equivalent of Arizona adjusted gross income. If you are a full-year Arizona resident filing a nonresident return to the other state or country, this would be the other state or country's income computed under the equivalent of Arizona Revised Statute (A.R.S.) § 43-1094 (adjusted gross income of a nonresident). In other words, the income computed as if only source income were included, and then adjusted by any additions or subtractions related to that income required under the other state or country's law.

For example, during the tax year, Taxpayer A, a full-year Arizona resident, had Schedule C business income of \$50,000 from State P. This \$50,000 of Schedule C income is reportable to both Arizona and to State P.

For federal purposes, Taxpayer A included the \$50,000 in federal adjusted gross income, but also reduced that Schedule C business income by ½ of the self-employment tax related to that income (\$3,532) and by the amount of self-employed health insurance deduction (\$6,000). Taxpayer A was required to make these same adjustments on the return filed to State P. Therefore, only \$40,468 [$\$50,000 - (\$3,532 + \$6,000)$] of the \$50,000 Schedule C income is included in State P's equivalent of Arizona gross income.

Additionally, State P law allows Taxpayer A to subtract an additional \$2,000 of depreciation related to the Schedule C income. Therefore, the amount of Schedule C income included in State P's equivalent of Arizona adjusted gross income would be \$38,468 ($\$40,468 - \$2,000$). Taxpayer A would enter \$38,468 on line 4.

NOTE: *If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the amount of income subject to tax in that foreign country.*

Line 5

Enter the smaller of the amount entered on line 3 or line 4. This is the amount of income from that item which is subject to tax by both Arizona and the other state or country.

Line 6

Add line 5, columns (a) through (c). This is the total income subject to tax in both Arizona and the other state or country.

If less than zero, enter "0." In this case, there is no income that is subject to tax in both Arizona and the other state or country. You cannot claim a credit for taxes paid to the other state or country.

Enter the amount from Part 1, line 6, on Part 2, line 8, and also on Part 2, line 13.

NOTE: *The amounts on lines 2 through 5 may be the same. However, differences may occur due to the application of the other state's law. See the example on page 5.*

The following example illustrates how to complete lines 1 through 6 of Arizona Form 309. If you are an Arizona resident who is also considered to be a resident of another state under the laws of that other state, see the example following the instructions for the *Schedule of Income Allocation* for an example of how to complete lines 1 through 6 of Form 309.

EXAMPLE:

Facts:

Mr. and Mrs. M are Arizona residents. Mr. M is an active duty military member who is stationed in State X. Mr. M receives wages from the military and from a part-time job in State X. Mr. and Mrs. M receive rental income from property in Arizona. During the taxable year for which the credit is being claimed, Mr. and Mrs. M received the following income.

Mr. M's military wages	\$ 15,000
Mr. M's part-time employment wages	\$ 10,000
Rental income from AZ property	<u>\$ 20,000</u>
Total Income	\$ 45,000

As Reported on State X Return		As Reported on Arizona Return	
Federal adjusted gross income	\$ 45,000	Federal adjusted gross income	\$ 45,000
Less non-state X income (military & rental income)	\$ (35,000)	Less subtractions from income (military income of \$15,000 and other exemption of \$2,300)	\$ (17,300)
Less subtraction for second job income	\$ (1,000)	Arizona adjusted gross income	\$ 27,700
State X adjusted gross income	\$ 9,000		

Mr. and Mrs. M must include Mr. M's part-time employment wages of \$10,000 in both the Arizona gross income and the State X's equivalent of Arizona gross income. Therefore, the amount of wage income reportable to both Arizona and State X is \$10,000. For Arizona purposes, there are no additions or subtractions related to that \$10,000 wage income included in Arizona gross income, so the entire \$10,000 of wage income is included in Arizona adjusted gross income. However, under State X law, \$1,000 of the \$10,000 wage income is subtracted from State X's equivalent of Arizona adjusted gross income, so only \$9,000 of that \$10,000 is included in State X's equivalent of Arizona adjusted gross income. Mr. and Mrs. M complete lines 1 through 6 of Form 309 as follows:

1. Description of income items	(a) wages
2. Amount of income from item listed on line 1, reportable to both Arizona and the other state or country.	\$10,000
3. Portion of income on line 2 included in Arizona adjusted gross income.	\$10,000
4. Portion of income included on line 2 included in the other state or country's equivalent of Arizona adjusted gross income.	\$ 9,000
5. Income subject to tax by both Arizona and the other state or country. Enter the smaller of the amount entered on line 3 or 4.	\$ 9,000
6. Total income subject to tax in both Arizona and the other state or country.	\$ 9,000

Part 2 - Computation of Other State or Country Tax Credit

Line 7

Enter your Arizona tax liability less any credits. However, do not reduce your Arizona tax liability by the other state tax credit.

For 2023, your Arizona tax liability prior to tax credits can be found on the following line number.	
Arizona Form	Line Number
140	46
140PY	56
140NR	56
140X	37

NOTE: If you are taking other tax credits, you must reduce your Arizona tax by the amount of those other tax credits. For the purpose of this computation, be sure to reduce your Arizona tax by both refundable and nonrefundable credits.

If you received distributed income from a partnership and/or S Corporation (the Entity) reported on Schedule K-1 or K-1(NR) and the Entity elected to pay Entity-Level Income Tax on your pro-rata share of the distributed income, enter the total taxes paid from the following:

- tax amount paid on your Arizona income tax form (see box above); and
- your pro-rata share of the tax paid by the Entity on your behalf. This tax amount is limited to the amount actually paid by the Entity or the amount of the other state’s individual income tax had the Entity not elected to pay the tax at the entity level, whichever is less.

Line 8

Enter amount from Part 1, line 6.

Line 9 - Entire Income Upon Which Arizona Tax is Imposed

Enter your entire income upon which Arizona tax is imposed. This is the Arizona adjusted gross income excluding allowable exemptions for age 65 or over, blind, dependents, or qualifying parents and grandparents.

Use the appropriate worksheet below to figure your entire income upon which Arizona tax is imposed.

2. Enter the amount from Form 140PY, line 51.	
3. Add the amounts on line 1 and line 2. Enter the total here and on Form 309, line 9.	

Part-Year Residents With Arizona Source Income for the Period of the Year in Which You Were an Arizona Nonresident

If you have Arizona source income for the period of the year in which you were an Arizona nonresident, you must separately determine the amount of Arizona adjusted gross income for the period in which you were a resident and the amount of Arizona adjusted gross income for the period in which you were a nonresident. These figures are not separately stated on any particular line on your Arizona Form 140PY.

Lines 10 and 11

Follow the instructions on the form for lines 10 and 11.

Line 12

12a. Enter the name of the other state or country.

12b. Enter the amount of income tax paid to the other state or country. Do not include federal income taxes or any taxes paid to a city or county. Also, do not include any amount paid to the other state or foreign country for penalty or interest. Amounts of tax paid or accrued to a foreign country do not include amounts that are reasonably certain to be refunded, credited, rebated, abated, or forgiven.

If you received distributed income from a partnership and/or S Corporation (the Entity) reported on Schedule K-1 or K-1(NR) and the Entity elected to pay Entity-Level Income Tax on your pro-rata share of the distributed income, enter the total taxes paid by the Entity on your behalf. This tax amount is limited to the amount actually paid by the Entity or the amount of the other state’s individual income tax had the Entity not elected to pay the tax at the entity level, whichever is less.

Line 13

Enter the amount from Part 1, line 6.

Line 14 - Entire Income Upon Which Other State or Country's Income Tax is Imposed

Enter the entire income upon which the other state or country's income tax is imposed. This is the other state or country's equivalent of Arizona adjusted gross income, but does not include exemptions allowable under the equivalent of A.R.S. § 43-1023. Such income must include items of income and loss, but not exemptions and itemized or standard deductions. Such income must also be adjusted by any additions or subtractions required under the other state's law which relate to the income from sources within the other state. This amount may not be shown on a specific line of the return filed with the other state.

If you are claiming a credit for taxes paid to another country, and that country withheld at the source, and you are not required to file a return with that country, enter the amount of income subject to tax in that foreign country.

NOTE FOR ARIZONA RESIDENTS ONLY: *Since the other state can only tax a nonresident on income which is sourced to that state, the entire income upon which the other state's income tax is imposed includes only income sourced to that other state under its income tax laws. Source income is generally income derived from property located within a state or from an activity carried on within a state when the income recipient is a nonresident.*

NOTE: *You may not be able to take the entire income upon which the other state or country's tax is imposed from a specific line on the return filed to the other state or country. If you must determine this amount, include a schedule.*

The example beginning on page 8 illustrates how an Arizona resident figures the entire income subject to tax in the other state or country.

If you have questions concerning what amount to enter on line 14, call one of the phone numbers listed at the beginning of these instructions.

Lines 15 and 16

Follow the instructions on the form for lines 15 and 16.

Line 17

Enter the smaller of line 11 or line 16. If this is the only state or country for which you are claiming a credit, also enter this amount on Arizona Form 301, Part 1, line 2, column (a).

If you are claiming a credit for more than one state or country, make a separate computation for each. Enter the total from all Arizona Forms 309 on Arizona Form 301, Part 1, line 2, column (a).

EXAMPLE

The following example will illustrate how to figure a credit for taxes paid to another state.
NOTE: The Arizona tax amount used in these examples do not reflect the current year tax amount and is used solely for purpose of providing example computations.

Credit Computation:

Mr. and Mrs. F complete Arizona Form 309 as follows:

Arizona Form 309

12. Income tax paid to State XY (tax less credits).....	12	486	
13. Amount from Part 1, line 6	13	16,000	
14. ****Entire income upon which State XY income tax is imposed	14	16,000

16. Multiply the amount on line 12 by the decimal on line 15.....	16	486	
17. Other state or country tax credit. Enter the lesser of line 11 or line 16.....	17	201	

*** Lines 1 through 6 - Income subject to tax in both Arizona and State XY**

Mr. and Mrs. F must report State XY farm income of \$16,000 in both Arizona gross income and State XY's equivalent of Arizona gross income. There are no additions or subtractions related to the \$16,000 farm income required under either Arizona law, or State XY law. Therefore, \$16,000 of farm income is included in Arizona adjusted gross income and \$16,000 of farm income is included in State XY's equivalent of Arizona adjusted gross income.

****Line 7 - Arizona tax liability**

For the purpose of the credit, Mr. and Mrs. F compute the Arizona tax liability as follows:

Arizona tax	\$ 1,030
Less public school tax credit	(300)
Arizona tax liability	\$ 730

*****Line 9 - Entire income upon which Arizona tax is imposed**

For the purpose of the credit, Mr. and Mrs. F compute the entire income upon which Arizona tax is imposed as follows:

Arizona adjusted gross income	\$ 55,700
Plus other exemptions	<u>2,300</u>
Entire income upon which Arizona income tax is imposed	<u>\$ 58,000</u>

******Line 14 - Entire income upon which State XY tax is imposed**

This is the entire income upon which State XY's tax is imposed. This is State XY's equivalent of Arizona adjusted gross income for these individuals. Since these individuals are nonresidents of State XY, State XY's equivalent of Arizona adjusted gross income (not including exemptions and standard or itemized deductions), includes only that income which is sourced to State XY. It should be noted that in this case, the entire income upon which State XY's income tax is imposed had to be determined. This amount was not separately

shown on a specific line of the State XY return, since State XY computes its tax on the total income and then prorates that tax to reflect the tax attributable to income derived from sources within State XY. For the purpose of the credit, Mr. and Mrs. F compute the entire income upon which State XY's tax is imposed as follows:

Mr. and Mrs. F's Farm income sourced to State XY (State XY's equivalent of Arizona adjusted gross income) computed under A.R.S. § 43-1094).....	\$ 16,000
Plus State XY's equivalent of Arizona's dependent exemptions.....	<u>0</u>
Entire income upon which State XY tax is imposed.....	<u>\$ 16,000</u>

Form 309, Page 2 – Schedule of Income Allocation Instructions

Complete page 2, *Schedule of Income Allocation*, **only** if you are a full-year Arizona resident who is also considered a resident of another state under the laws of that other state.

All other taxpayers skip page 2, *Schedule of Income Allocation*.

NOTE: *If you are a full-year Arizona resident that is also considered to be a resident of another state under the laws of that other state, you must complete the Schedule of Income Allocation on page 2 of Form 309 before you complete page 1 of Form 309.*

Because the credit allowed for a full-year Arizona resident that is also considered to be a resident of another state is for taxes paid to that other state on income sourced to that other state, you must complete the *Schedule of Income Allocation*, before you can complete lines 1 through 6 of Form 309.

This schedule allocates income between income sourced to the other state and income from everywhere else that is taxable to the other state. Complete column (a) before completing columns (b) through (d). On lines 1 through 10 of column (a), for each line, enter the amounts reported on your federal income tax return. In column (b), enter the amounts listed in column (a) that are included in income reported on your Arizona return. In column (c), enter the amounts listed in column (a) that are included in income reported on the return filed with the other state. In column (d), enter the amounts listed in column (c) that would be sourced to the other state if you were a nonresident of that state filing a nonresident return to that state.

The following example illustrates how to complete Form 309 for an Arizona resident who is also considered to be a resident of another state under the laws of that other state.

EXAMPLE

Facts:

Mr. and Mrs. R are Arizona residents who are temporarily living and working in State Z. They will be there for one year and then they will return to Arizona. During the current taxable year, Mr. and Mrs. R have been living and working in State Z for 10 and one-half months. Because Mr. and Mrs. R have been living in State Z for more than 183 days during the tax year, State Z considers Mr. and Mrs. R to be residents of State Z and taxes all of their income from the time they moved to State Z. Because Mr. and Mrs. R are Arizona residents who are temporarily out of Arizona, they are still full-year Arizona residents for Arizona income tax purposes and must file a full-year Arizona income tax return and include all income for the taxable year, wherever derived. For the taxable year, Mr. and Mrs. R have the following income.

Mr. R's wages from employment in Arizona	\$ 15,000
Mr. R's wages from employment in State Z	\$ 42,000
Mrs. R's wages from employment in State Z	\$ 5,000
Interest income	\$ 5,000
Rental income from AZ property	<u>\$ 20,000</u>
Total income	<u>\$ 87,000</u>

As Reported on State Z Return		As Reported on Arizona Return	
Wages (Mr. R's State Z wages \$42,000 + Mrs. R's State Z wages \$5,000)	\$ 47,000	Federal adjusted gross income	\$ 87,000
Interest income received after moving to State Z	4,375	Less subtractions from income (other exemption \$2,300)	(2,300)
Rental income from Arizona property received after moving to State Z	17,500	Arizona adjusted gross income	\$ 84,700
State Z gross income	68,875	Arizona itemized deductions	(18,600)
Plus additions to income	0	Arizona taxable income	\$ 66,100
Less subtractions (dependent \$4,000)	(4,000)	Arizona tax	\$ 2,086
State Z adjusted gross income	\$ 64,875		
State Z itemized deductions	(9,500)		
State Z personal exemptions	(7,500)		
State Z taxable income	\$ 47,875		
State Z tax	\$ 2,154		

Before Mr. and Mrs. R can complete Form 309, they must complete the *Schedule of Income Allocation* on page 2 of Form 309. This will help Mr. and Mrs. R determine the income that is taxable in both Arizona and State Z that would be sourced to State Z if Mr. and Mrs. R were filing a nonresident return to State Z.

Schedule of Income Allocation				
	(a) Reported on your 2023 federal return	(b) Amount Entered in column (a) Reported on Your 2023 Form 140	(c) Amount Entered in column (a) Reported on Your Return Filed to Your Statutory State of Residence	(d) Amount Entered in column (c) That Could be Sourced to Your Statutory State of Residence as Income of a Nonresident of that State
1. Wages, salaries, tips, etc.	62,000	62,000	47,000	47,000
2. Interest	5,000	5,000	4,375	0
3. Dividends				
4. Business income (or loss) from federal Schedule C				
5. Gains (or losses) from federal Schedule D				
6. Rents, royalties, partnerships, estates, trusts, small business corporations from federal Schedule E	20,000	20,000	17,500	0
7. Other income reported on your federal return

10. Adjusted gross income. <i>Subtract the sum of amounts entered on line 9d from line 8.</i>	87,000	87,000	68,875	47,000

If Mr. and Mrs. R had filed a nonresident return to State Z, they would have reported \$47,000 of wage income to State Z as State Z source income. Therefore, when Mr. and Mrs. R complete Form 309, they would complete lines 1 through 6 as follows:

Part I	(a)	(b)
1. Description of Income Items	Wages	
2. Amount of income from item listed on line 1, reportable to both Arizona and State Z.	\$ 47,000	
3. Portion of income on line 2 included in Arizona adjusted gross income.	\$ 47,000	
4. Portion of income on line 2 included in State Z's equivalent of Arizona adjusted gross income.	\$ 47,000	
5. Income subject to tax by both Arizona and State Z. Enter the smaller of line 3 or line 4.	\$ 47,000	
6. *Total income subject to tax in both Arizona and State Z.	\$ 47,000	

Part II – Computation of Other State or Country Tax Credit		
7. Arizona tax liability less any credits (except other state tax credit).....	7	2,086
8. Amount from Part 1, line 6.....	8	47,000
9. ** Entire income upon which Arizona income tax is imposed.....	9	87,000
10. Divide the amount on line 8 by the amount on line 9 (cannot be greater than 1).....	10	.5402
11. Multiply the amount on line 7 by the decimal on line 10.....	11	1,127
12. Income tax paid to State Z (tax less credits).....	12	2,154
13. Amount from Part 1, line 6.....	13	47,000
14. ***Entire income upon which State Z’s income tax is imposed.....	14	68,875
15. Divide the amount on line 13 by the amount on line 14 (cannot be greater than 1).....	15	.6824
16. Multiply the amount on line 12 by the decimal on line 15.....	16	1,470
17. Other state or country tax credit. Enter the smaller of line 11 or line 16.....	17	1,127

*** Lines 1 through 6 – Income subject to tax in both Arizona and State XY**

Before completing lines 1 through 6, Mr. and Mrs. R must complete page 2 of Arizona Form 309, *Schedule of Income Allocation*. Even though Mr. and Mrs. R must report wage income, interest income and rental income to State Z, only the wage income earned for services performed in State Z would be sourced to State Z if State Z were taxing Mr. and Mrs. R as nonresidents. Therefore, when Mr. and Mrs. R complete the *Schedule of Income Allocation*, Mr. and Mrs. R indicate that only \$47,000 of wages would be sourced to State Z as income of a nonresident of State Z.

Mr. and Mrs. R must report State Z wages of \$47,000 in Arizona gross income and \$47,000 of State Z wages in State Z’s equivalent of Arizona gross income. There are no additions or subtractions related to the \$47,000 of State Z wages required under either Arizona law, or State Z law. Therefore, \$47,000 of State Z wage income is included in Arizona adjusted gross income and \$47,000 of State Z wage income is included in State Z’s equivalent of Arizona adjusted gross income.

****Line 9 – Entire income upon which Arizona tax is imposed**

For the purpose of the credit, Mr. and Mrs. R compute the entire income upon which Arizona tax is imposed as follows:

Arizona adjusted gross income	\$ 84,700
Plus other exemptions	<u>2,300</u>
Entire income upon which Arizona income tax is imposed	<u>\$ 87,000</u>

*****Line 14 – Entire income upon which State Z tax is imposed**

This is the entire income upon which State Z tax is imposed. This is State Z’s equivalent of Arizona adjusted gross income for these individuals. For the purpose of the credit, Mr. and Mrs. R compute the entire income upon which State Z tax is imposed as follows:

State Z’s equivalent of Arizona adjusted gross income	\$ 64,875
State Z’s equivalent of Arizona’s other exemptions	<u>4,000</u>
Entire income upon which State Z’s tax is imposed	<u>\$ 68,875</u>

General Instructions

NOTE: You *must* also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 310 with your tax return to claim this credit.

Arizona law provides a solar energy credit for an individual who installs a solar energy device in his or her residence located in Arizona.

The solar energy credit for buying and installing a solar energy device is 25% (.25) of the cost, including installation, or \$1,000, whichever is less. If you install another device in a later year, the cumulative credit cannot exceed \$1,000 for the same residence.

NOTE: A taxpayer may claim a credit of up to \$1,000 for a second personal home. A taxpayer that claims a credit for **both a primary home and a second home is limited to a maximum credit of \$1,000 in the taxable year.** To claim a credit for a second home you must complete a second form and add the two credit form amounts together and report the total amount of current year credit and total available carryover amount on Form 301 to claim on your return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive years.

NOTE: The maximum amount of credit established for the current taxable year does **not** include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable tax credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may use for the taxable year cannot be greater than the tax liability shown.

To be eligible for this credit, you must be an Arizona resident who is not a dependent of another taxpayer.

A solar energy device is a system or series of mechanisms which collect and transfer solar generated energy and which are designed primarily to:

- provide heating,
- provide cooling,
- produce electrical power,
- produce mechanical power,
- provide solar daylighting, or
- provide any combination of the above by means of collecting and transferring solar generated energy into such uses either by active or passive means, including wind generator systems that produce electricity.

Solar energy systems may also have the capability of storing solar energy for future use. Passive systems must clearly be designed as a solar energy device, such as a trombe wall, and not merely as a part of a normal structure, such as a window.

Only a system or device, which performs one or more of these functions, qualifies for the credit. An individual component of a system does not qualify for the credit by itself.

The following devices, when used for residential purposes, qualify for the credit:

- Solar domestic water heating systems - collectors, storage tanks, heat exchangers, and piping, valves, wiring, etc., directly related to the solar system.
- Solar swimming pool and spa heating systems - collectors, heat exchangers, piping, valves, wiring, etc., directly related to the solar system.
- Solar photovoltaic systems - collectors, batteries, inverters, solar system related wiring, and including solar photovoltaic systems for recreational vehicles used as a residence. End-use appliances (even if they are 12 vdc) are excluded unless they are manufactured specifically for photovoltaic systems applications.
- Solar photovoltaic phones, street lighting, etc. - collectors, batteries, inverters, and solar system related wiring. Phone, lights, etc., are excluded unless they are manufactured specifically for photovoltaic applications.
- Passive solar building systems - trombe wall components, thermal mass, and components specifically designed for energy gains. Dual pane windows, low-e, and other window coatings, etc., are excluded.
- Solar day lighting systems - those devices and systems specifically designed to capture and redirect visible solar energy while controlling the infrared energy (conventional skylights are specifically excluded).
- Wind generators - windmill, structure, generator, batteries, controls, wiring, and other components directly related to the wind generator. End-use appliances are excluded.
- Wind-powered pumps - windmill, structure, pump, pipes, and other components directly related to the wind pump.

The person who sells you your solar energy device must furnish you with a certificate stating that the solar energy device complies with Arizona's solar energy device requirements. If you designed and installed the system yourself, you will not receive such a statement, but your solar energy device must meet the required criteria.

NOTE: *To qualify for this credit, you **must** purchase the solar energy device(s). If you lease or enter into a power purchase agreement (PPA) for the solar energy device, that device does not qualify for this credit.*

For more information on Arizona's solar energy device credit and the Arizona solar energy device requirements, see the department's income tax ruling (ITR) 13-4, *How do leases and power purchase agreements (PPA) impact the residential solar energy device credit?* and publication, (Pub) 543, *Solar Energy Credit*.

The following items DO NOT qualify for the credit:

- Conventional plumbing components - water softeners, drinking water systems, etc., even if they are provided (free or otherwise) as part of the system.
- Conventional controls - load controllers, programmable thermostats, etc., even if they are provided (free or otherwise) as part of the system.
- Conventional heating/cooling systems - air conditioners, heat pumps, evaporative coolers, furnaces, regardless of efficiency.
- Conventional windows and window treatments - dual-pane, low-e, shade screens, reflective and dark coatings, awnings, interior shades, drapes, and blinds.
- Conventional skylights.
- Appliances (all voltages) - refrigerators, lights, fans, TVs, etc., unless they are manufactured specifically for photovoltaic systems.
- Fans - ceiling, window, attic, interior, etc., unless they are manufactured specifically for photovoltaic applications.
- Paint - ceramic, reflective roof coatings.
- Insulation (includes "outsulation") and radiant barrier.
- Weather stripping, caulking.
- Misting systems.
- Vegetation - shade trees, shrubs, grass.
- Solar energy cars.
- A solar hot water heater plumbing stub out that was installed by the builder of a house or dwelling unit before title was conveyed to the taxpayer.

NOTE: *If you claim a credit, you cannot take a depreciation deduction for the solar energy device for which the credit is claimed. If such depreciation deduction is included in your federal adjusted gross income, you must add that amount to your Arizona gross income. You must make this addition for each period in which you deduct depreciation for federal purposes.*

Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer's SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

NOTE: *Complete Parts 1 and 3, if you are claiming a new credit for the current tax year.*

*If you are **only** claiming a carryover amount available from a previous credit, complete Part 1 (**address only**) and Parts 2 and 3.*

Part 1 - Current Year's Credit

Use lines 1 through 9 to figure your credit for the current tax year.

Line 1

Enter the address of the residence where you installed the solar energy device for which you are claiming the credit.

Line 2

Enter the cost of the solar energy device. The cost of installing the device may be included in the cost of the device.

Lines 3 and 4

Follow the instructions on the form for lines 3 and 4.

Line 5

If you claimed a credit for another solar energy device you installed during a prior taxable year (1995 through 2022), at the same residence listed on line 1, enter the total amount of allowable credit for that prior tax year or years.

Lines 6 through 8

Follow the instructions on the form for lines 6 through 8.

Line 9 - Current Year's Credit

Enter the smaller of line 4 or line 8.

If you are married filing a separate return, but you could have filed a joint return, you may take only one-half of the total credit that you and your spouse would have been allowed to take on a joint return. In this case, enter one-half of the smaller of line 4 or line 8.

Part 2 - Carryover from Prior Taxable Years

Lines 10 through 15 Use Part 2 to figure your total available credit carryover from taxable years 2018 through 2022.

NOTE: *If you claimed a credit for your primary residence and a second residence, you must track each carryover amount separately on the original credit form filed for each location. Do not combine the two credit carryover amounts on one credit form. Be sure to add both carryover amounts together from each credit form and report the total on Arizona Form 301.*

Complete lines 10 through 15 if you claimed this credit on a return for one of these years and the credit was more than your tax.

- In column (b), **enter the credit originally** computed for the taxable year listed in column (a). Do not enter the cost of the device. The amount entered in column (b) cannot be more than \$1,000.
- In column (c), enter the amount of the credit from that taxable year which you have already used.
- In column (d), subtract the amount in column (c) from the amount in column (b) and enter the difference.
- Add the amounts entered on lines 10 through 14 in column (d).

Enter the total on line 15, column (d).

Part 3 - Total Available Credit

Lines 16 through 18

Use lines 16 through 18 to figure your total available credit for 2023.

Line 16

Enter the amount from Part 1, line 9. Also, enter this amount on Form 301, line 3, column (a).

Line 17

Enter the amount of available carryover from Part 2, line 15, column (d). Also, enter this amount on Form 301, line 3, column (b).

General Instructions

NOTE: You **must** also complete *Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 340 with your tax return to claim this credit.*

Arizona law allowing for a tax credit for cash donations made to the Military Family Relief Fund was extended to taxable year 2026.

The ADVS established two subaccounts (pre-9/11 and post-9/11) for which a donor must designate which account the donor wishes the donation to be deposited into. If your donation qualifies for the credit, your credit will be the smaller of 1 through 4.

1. The amount you donated to the fund during the taxable year.
2. If you are a single taxpayer or a head of household, \$200.
3. If you are married filing a joint return, \$400. If you are filing separate returns, you each may claim only 1/2 of the credit that would have been allowed on a joint return (up to a maximum of \$200 each).
4. Your tax liability for the taxable year.

There is no carry forward for this credit. You must claim and use this credit on the tax return filed for the taxable year for which you made your donation.

This credit is available **only** to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S Corporation may not pass the credit through to its shareholders.

You cannot claim both a tax credit and an itemized deduction for your donation.

Before you claim this credit, you must have received a receipt from the ADVS. Your receipt must show **all** of the following:

- your full name and address,
- the last four digits of your Social Security Number (SSN),
- the amount you donated,
- the amount designated to each fund (pre-9/11 and/or post-9/11), and
- your donation qualifies for the tax credit.

Military Family Relief Fund

The ADVS administers the Military Family Relief Fund. Donations deposited into the pre-9/11 veterans subaccount will be used to provide financial assistance. The service member of an applying family must have been deceased, wounded or injured or become seriously ill on or before September 11, 2001, been deployed from a military base in this state, claimed this state as the service member's home of record, or been a member of the Arizona National guard at the time of deployment. If discharged from

military service, the service member must have been discharged under honorable conditions. The assistance shall be based on financial need up to twenty thousand dollars per family.

Donations deposited into the post-9/11 veterans subaccount will be used to provide financial assistance. The service member of an applying family must have been deceased, wounded or injured or become seriously ill after September 11, 2001, been deployed from a military base in this state, claimed this state as the service member's home of record, or been a member of the Arizona National Guard at the time of deployment. If discharged from military service, the service member must have been discharged under honorable conditions. The assistance shall be based on financial need up to twenty thousand dollars per family.

Your donations may qualify for this income tax credit. Donations will qualify for the credit if the total amount donated during the calendar year has not exceeded one million dollars.

Donations made once the total donations for the calendar year reach one million dollars will not qualify for the credit. The determination of whether a donation will qualify for the credit is made on a first come, first served basis by the ADVS.

The ADVS will provide you with a receipt that will let you know if your donation qualifies for the credit. The ADVS will also send a copy of that receipt to the Arizona Department of Revenue.

General Instructions

NOTE: You *must* also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 321 with your tax return to claim this credit.

Arizona law provides a credit for cash contributions made to certain qualifying charitable organizations (charities) that provide assistance to residents of Arizona who either:

- receive Temporary Assistance of Needy Families (TANF) benefits,
- are low income residents of Arizona, or
- are children who have a chronic illness or physical disability.

CAUTION: A cash contribution to a qualifying foster care charitable organization does **not** qualify for, and **cannot** be included in, a credit claimed on Form 321 for cash contributions made to a qualifying charitable organization (QCO).

If you made cash contributions to a qualifying foster care charitable organization (QFCO), you **must** complete Form 352 to claim a credit for those contributions.

This credit is available **only** to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S Corporation may not pass the credit through to its shareholders.

What is a Qualifying Charitable Organization?

A qualifying charity is a charity that is exempt from federal income tax under Internal Revenue Code (IRC) § 501(c)(3).

A qualifying charity is also a charity that is a designated community action agency that receives Community Services Block Grant Program money under the United States Code, Title 42, Section 9901.

The charity must spend at least 50% of its budget on services to Arizona residents who:

- receive TANF benefits,
- are low income Arizona residents, or
- are chronically ill or physically disabled.

For the purpose of this credit, qualifying services are services that meet the recipient's immediate basic needs. The services must be provided and used in Arizona. Services include cash assistance, medical care, childcare, food, clothing, shelter, job training, and job placement services or any other assistance that is reasonably necessary to meet immediate basic needs and that is provided and used in this state.

"Individuals who have a chronic illness or physical disability" means individuals whose primary diagnosis is a severe physical condition that may require ongoing medical or surgical intervention.

How Can I Tell if a Charity Qualifies?

To qualify, a charity must provide the department with written certification that it meets the criteria to be considered a qualifying charity.

To see a list of the qualifying charities, visit our website and click on *Tax Credits* and select *Contributions to QCOs and QFCOs*.

- For donations made in 2023 - use the 2023 list.
- For donations made from January 1, 2024 to April 15, 2024 - use the 2024 list.

A cash contribution for which a credit is claimed and that is made on or before the fifteenth day of the fourth month following the close of the taxable year may be applied to either the current or preceding taxable year and is considered to have been made on the last day of that taxable year.

For calendar year filers, credit eligible cash contributions made to qualifying charities from January 1, 2024 to April 15, 2024 may be claimed as a tax credit on either the 2023 or 2024 Arizona income tax return.

IMPORTANT: To claim a credit on your 2023 tax return for contributions made January 1, 2024 through April 15, 2024, the charitable organization must be certified by the department for the 2024 tax year.

If you claim this credit in 2023 for a cash contribution made from January 1, 2024 to April 15, 2024 you must make an adjustment on your 2024 Arizona Form 140 Schedule A, 140PY Schedule A(PY) or A(PYN), or 140NR Schedule A(NR).

NOTE: You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a QCO for which you are claiming a credit.

You cannot claim an increased standard deduction for the amount of contributions made to a QCO for which you are claiming a credit.

The maximum amount of credit that a taxpayer can establish for the current taxable year is \$421 for single taxpayers or heads of household. For married taxpayers filing a joint return, the maximum amount of credit that a taxpayer can establish for the current taxable year is \$841. In most cases, for married taxpayers who file separate returns, each spouse may claim only **one-half** (½) of the total credit that would have been allowed on a joint return up to \$421.

NOTE: *The maximum amount of credit established for the current taxable year does **not** include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may **use** for the taxable year cannot be greater than the tax liability shown.*

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years' income tax liability.

You may qualify for this credit if you make cash contributions to a qualified charity through an Umbrella Charitable Organization (UCO). An UCO is a charitable organization that collects cash contributions on behalf of member charities and directs those contributions as designated by the taxpayer to a qualifying charity that is certified by the department.

In this case, 100% of the contribution to a specific qualifying charity or to a specific fund of the UCO must be distributed to a qualifying charity that is certified by the department.

The UCO should provide you with a receipt that lists the qualifying charity or fund and certifies that 100% of the contribution will be distributed to the named charity. If a fund is designated then the receipt should certify that 100% of the fund is distributed to a qualifying charity that is certified by the department.

NOTE: *You may be able to make contributions to these charities through your payroll withholding. Contact your employer and ask if they can withhold contributions for this credit from your pay.*

For more information, see the department's publication, Pub 710, *Credit for Contributions to Qualifying Charitable Organizations*.

What is a Qualifying Charitable Organization Code?

For Arizona tax credit purposes, the department assigns a code (a 5 digit identification number) to each qualifying charitable organization and the UCO fund (for example: 23456). If your donation receipt did not include the charity's code, the department's list of qualifying charities includes the code assigned to each charity and the UCO fund code.

Be sure to enter the code number, in column (a), for each qualifying charity for which you and your spouse made cash contributions.

Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, 140NR, or 140X. All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer's SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

NOTE: *Complete Parts 1 and 3 if you are claiming a new credit for the current tax year.*

For example: During 2023, Mary, a single person, gave \$600 to a qualified charity. For 2023, Mary is allowed a maximum credit of \$421. Mary’s 2023 tax is \$250. Mary can apply \$250 of the credit to her 2023 tax liability and carryover \$171 of the unused \$421 credit to 2024.

Mary cannot claim any credit for the \$179 gift that was more than the allowable credit (\$600 minus allowable credit of \$421).

General Instructions

NOTE: You *must* also complete *Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 322 with your tax return to claim this credit.*

Arizona law provides a credit for cash contributions made and certain fees paid to public schools in Arizona. **“Public School” means a school that is part of a school district, a career technical education district, or a charter school.**

This credit is available **only** to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

The credit is equal to the amount of cash contributed or the amount of fees paid up to the maximum amount allowed. The maximum amount of credit that a taxpayer can establish for the current taxable year for contributions or fees paid is \$200 for single taxpayers or heads of household. For married taxpayers filing a joint return, the maximum amount of credit that can be established for the current taxable year is \$400. In most cases, for married taxpayers who file separate returns, each spouse may claim only **one-half** (½) of the credit that would have been allowed on a joint return.

NOTE: *The maximum amount of credit established for the current taxable year does **not** include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may **use** for the taxable year cannot be greater than the tax liability shown.*

A cash contribution for which a credit is claimed and that is made on or before the fifteenth day of the fourth month following the close of the taxable year may be applied to either the current or preceding taxable year and is considered to have been made on the last day of that taxable year.

For calendar year filers, credit eligible cash contributions made or fees paid to a public school from January 1, 2024 to April 15, 2024 may be used as a tax credit on either the 2023 or the 2024 Arizona income tax return.

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years' income tax liability.

If you claim this credit in 2023 for cash contributions made from January 1, 2024 to April 15, 2024 you must make an adjustment on your 2024 Arizona Form 140 Schedule A, 140PY Schedule A(PY) or A(PYN), or 140NR Schedule A(NR).

NOTE: *You cannot claim both a tax credit and an itemized deduction for contributions made to a public school for which you are claiming a credit.*

You cannot claim an increased standard deduction for the amount of contributions made to a Public School for which you are claiming a credit.

You may be able to make credit eligible contributions to a public school through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.

To qualify for the credit, you must contribute or pay fees to a public school located in this state for the following public school purposes:

- standardized testing for college credit or readiness offered by a widely recognized and accepted educational testing organization,
- the career and technical education industry certification assessment,
- preparation courses and materials for standardized testing,
- cardiopulmonary resuscitation training,
- extracurricular activities, or
- character education programs.
- **from and after June 30, 2019, through June 30, 2024, contributions or fees paid for the following items qualify:**
 - (a) acquiring capital items, as defined in the uniform system of financial records, including those items listed in section 15-903, subsection c, paragraphs 2 through 8;
 - (b) community school meal programs;
*An amount paid by an individual to receive a meal or a meal card **does not qualify** as a fee or donation for community school meal programs.*
 - (c) student consumable health care supplies; and
 - (d) playground equipment and shade structures for playground equipment.

"Standardized testing for college credit or readiness" includes the SAT, PSAT, ACT, advanced placement and international baccalaureate diploma tests and other similar tests.

"Widely recognized and accepted educational testing organization" means the college board, the ACT, the international baccalaureate and other organizations that are widely recognized and accepted by colleges and universities in the United States and that offer college credit and readiness examinations.

"Career and technical education industry certification assessment" means an assessment for career and technical preparation programs for pupils.

"Community school meal program" means a school meal program that takes place before or after the regular school day on school property.

"Student consumable health care supplies" includes tissues, hand wipes, bandages and other health care consumables that are generally used by children.

NOTE: *Your contribution for the support of standardized testing fees, career and technical education industry certification assessments, preparation courses, or materials for standardized testing, **must** be made directly to the public school located in Arizona. Contributions made to any other organization will not qualify for this credit.*

A character education program is a program defined in Arizona Revised Statutes (A.R.S.) § 15-719. Under this statute, each district may develop its own course of study for each grade. At a minimum, the character education program must include instruction in the definition and application of at least six of the following character traits: truthfulness, responsibility, compassion, diligence, sincerity, trustworthiness, respect, attentiveness, obedience, orderliness, forgiveness, and virtue.

Extracurricular activities are school-sponsored activities that *may* require enrolled students to pay a fee in order to participate. The activities must supplement the school's education program and may be educational or recreational.

Each school district will determine what activities are extracurricular activities for each public school located in that district. Extracurricular activities may include the following:

- use of band uniforms;
- use of equipment or uniforms for varsity athletics;
- use of scientific laboratory equipment or materials; and
- in-state or out-of-state trips that are solely for competitive events.

Extracurricular activities do not include any senior trips or events that are recreational, amusement or tourist activities.

You must make cash contributions or pay fees to a public school or charter school located in Arizona. The school must provide instruction in grades kindergarten through 12.

Contributions made or fees paid to any of the following **do not** qualify for this credit:

- a nongovernmental school;
- a pre-school;

- a community college;
- a university; or
- a public school located outside of Arizona.

Before claiming this credit, make sure the public school issues you a receipt for the contributions or qualifying fees you paid. The receipt should show **all** of the following:

- name of the public school;
- name and number of the school district;
- name of the taxpayer;
- amount paid or contributed;
- date paid or contributed; and
- description of the activity for which the contributions were made or the fees were paid.

Please keep this receipt with your tax records. For more information on school tax credits, see the department's publication, Pub 707, *School Tax Credits*.

What is an Arizona Public School CTDS Code?

The Arizona Department of Education uses a coding system (CTDS) to identify Arizona public and charter schools. CTDS is a nine-digit (9) number and stands for *County Code, Type Code, and District Code & Site Number*.

For the purpose of claiming Arizona's tax credit for contributions made or certain fees paid to a qualifying public school, you must provide this code on the tax credit form, in column (a), for each qualifying school you or your spouse made cash contributions or paid certain fees.

For example, a public school with a CTDS code of 01-23-45-678 would be entered (c) as 012345678 (do **not** include spaces or dashes).

You may obtain the CTDS code by visiting Arizona Department of Education's public school search webpage at www.ade.az.gov/edd or you may find the list on our website at www.azdor.gov/tax-credits/public-school-tax-credit under *Resources for Taxpayers*.

General Instructions

NOTE: You *must* also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 323 with your tax return to claim this credit.

Arizona law provides a credit for cash contributions made to a private school tuition organization (STO) that provides scholarships or grants to qualified schools.

This credit is available **only** to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S corporation may not pass the credit through to its shareholders.

The credit is equal to the amount of cash contributed up to the maximum amount allowed. For 2023, the maximum amount of credit that a taxpayer can establish for the current taxable year is \$655 for single taxpayers or heads of household. For married taxpayers that file a joint return, the maximum credit that can be established for the current taxable year is \$1,308. In most cases, for married taxpayers who file separate returns, each spouse may claim only **one-half** ($\frac{1}{2}$) of the credit that would have been allowed on a joint return.

NOTE: The maximum amount of credit established for the current taxable year does **not** include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may use for the taxable year cannot be greater than the tax liability shown.

A cash contribution for which a credit is claimed and that is made on or before the fifteenth day of the fourth month following the close of the taxable year may be applied to

either the current or preceding taxable year and is considered to have been made on the last day of that taxable year.

FOR CALENDAR YEAR FILERS: Credit eligible cash contributions made to a private STO from January 1, 2024 to April 15, 2024 may be used as a tax credit on either the 2023 or 2024 Arizona income tax return.

If you claim this credit in 2023 for a cash contribution made from January 1, 2024 to April 15, 2024 you must make an adjustment on your 2024 Arizona Form 140 Schedule A, Form 140PY Schedule A(PY) or A(PYN), or Form 140NR Schedule A(NR).

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next 5 consecutive taxable years' income tax liability.

A private STO is an organization that meets **all** of the following:

- The organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code (IRC).
- The organization allocates at least 90% of its annual revenue from contributions to educational scholarships or tuition grants.
- The organization makes its scholarships or grants available to students of more than one qualified school.

A "qualified school" means a preschool that offers services to students with disabilities, nongovernmental primary or a secondary school that is located in Arizona. The school cannot discriminate on the basis of race, color, handicap, familial status, or national origin and requires all teaching staff and personnel that have unsupervised contact with students to be fingerprinted. A qualified school does not include a charter school or programs operated by a charter school. The primary school must begin with kindergarten and the secondary school must end with grade 12.

In the case of a preschool that offers services to students with disabilities, a "student with disabilities" is a student who has any of the following conditions:

- hearing impairment;
- visual impairment;
- developmental delay;
- preschool severe delay; or
- speech and/or language impairment.

NOTE: The Arizona Department of Revenue is required to certify STOs. The department maintains a list of currently certified STOs on its website at www.azdor.gov.

To qualify for the credit all cash contributions must be made to a certified STO. To determine if your cash contributions made in 2023 and/or 2024 qualify for this credit, you should verify that the STO you made a contribution to is certified. For a list of STOs certified to receive cash contributions for the individual income tax credit, see the department's website.

Your cash contribution to the STO will not qualify for the credit if you designate the contribution for the direct benefit of your dependent. For Arizona purposes, “dependent” has the same meaning provided in section § 152 of the IRC. For purpose of this credit, it does not matter if you qualify to take the dependent deduction.

NOTE: *Your cash contribution will also not qualify if you designate a student beneficiary as a condition of your contribution to the STO. Also, the tax credit is not allowed if you agree with another person to designate each other’s contributions to the STO for the direct benefit of each other’s dependent, a practice commonly known as swapping.*

You **cannot** claim both a tax credit and an itemized deduction for the amount of contributions made to a private STO for which you are claiming an Arizona tax credit.

Before claiming this credit, make sure the STO issues you a receipt for the contribution. The receipt should show **all** of the following:

- name and address of the STO;
- name of the taxpayer;
- amount paid;
- date paid; and
- the tax year for which you will claim the contribution.

Please keep this receipt with your tax records. For more information on school tax credits, see the department’s publication, Pub 707, *School Tax Credits*.

NOTE: *You may be able to make credit eligible contributions to a STO through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.*

Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, 140NR, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). Taxpayers that fail to include their identification number may be subject to a penalty.

Enter the amount from Part 2, line 19, column (d). Also, enter this amount on Form 301, Part 1, line 8, column (b).

Line 22

Add line 20 and line 21. Enter the total. Also, enter this amount on Form 301, Part 1, line 8, column (c).

Part 4 - Do I Have Excess Contributions Available to Claim on Arizona Form 348?

Complete Part 4, lines 23 through 25, to determine if you have excess contributions available to claim a credit on Arizona Form 348, *Contributions to Certified School Tuition Organization – Individuals*.

Line 23

Enter the total amount of contributions made during the taxable year:

- Single taxpayers, heads of household and married taxpayers filing a joint return; enter the total amount from Part 1, line 11.
- Married taxpayers filing separate; enter one-half (½) of the total amount from Part 1, line 11.

Line 24 -

Enter the maximum credit allowed on Form 323:

- Single taxpayers and heads of household; enter \$655.
- Married taxpayers filing joint; enter \$1,308.
- Married taxpayers filing separate; enter \$655.

Line 25 – Excess Contributions:

Subtract line 24 from line 23. Enter the difference. If less than zero, enter "0".

If the amount on line 25 is more than zero, you have excess contributions available and may claim a credit on Form 348 for those contributions.

If the amount on line 25 is "0," you do not have any excess contributions available to claim on Form 348.

EXAMPLE: During 2023, Mary, a single person, gave \$1,400 to a private STO. For 2023, Mary is allowed a maximum credit on Form 323 of \$655. Mary's 2023 tax liability is \$400. Mary may apply \$400 of the \$655 credit claimed on Form 323 against her 2023 tax liability. Mary may carryover the unused credit of \$255 to her 2024 income tax return. Mary may not claim a credit on Form 323 for the \$745 gift that was more than the allowable credit (\$1,400 minus allowable credit of \$655).

However, Mary may claim a credit on Arizona Form 348 for the contribution made to the private STO that was more than the \$655 allowable credit. The credit Mary may claim on Form 348 cannot exceed the maximum credit allowed on that form.

To compute that credit, Mary must complete Form 348 in addition to Form 323. Mary must also complete Arizona Form 301. For 2023, Mary would compute her available credit for Form 348 as follows.

2023 total contribution made to STOs		\$1,400
2023 maximum allowable credit claimed on Form 323		<u>\$ 655</u>
Mary's 2023 tax liability	\$ 400	
Less: available tax credit - Form 323	<u>\$ 400</u>	
Balance of tax	<u>\$ 0</u>	
Carryover available for 2023 from Form 323 (\$655 minus \$400)	\$ 155	
Contribution available to calculate the allowable credit on Form 348 (\$1,400 minus \$655). Mary must complete Arizona Form 348 to figure that credit.		<u>\$ 745</u>

Notice to All Taxpayers

NOTE: To claim a current year's credit on *Form 348*, you **must** first claim the maximum current year's credit allowed on *Arizona Form 323*, Credit for Contributions to Private School Tuition Organizations. The amount of credit you must claim on *Form 323* depends on your filing status. See *Form 323* for these amounts.

If you have a carryover amount from a credit claimed on *Form 348* from prior tax years, you do not have to claim the maximum allowable credit on *Form 323* to only use a carryover amount on *Form 348*. If you are claiming only a carryover amount on *Form 348*, and are not claiming any current year's credit on *Form 323*, submit only *Forms 301 and 348*.

For an example of how to calculate the current year credit and carryover credit, if any, see the last page of these instructions.

Arizona Form 348 Credit Carryover Amount from Prior Tax Years

If you claimed an allowable credit on *Form 348* on your 2018 through 2022 tax returns and your tax liability was less than your allowable credit, you may have a carryover amount available.

You may use the available credit carryover amount to reduce your 2023 tax liability even if you do not claim a credit on *Form 323* for 2023.

General Instructions

Arizona law provides an individual income tax credit for the voluntary cash contributions made to a certified School Tuition Organization (STO) in order to improve education by raising tuition scholarships for children in Arizona.

This credit is available **only** to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S Corporation may not pass the credit through to its shareholders.

The amount of current year's contributions that may be claimed on *Form 348* is computed **after** the maximum credit is claimed on *Form 323* and is based on the excess amount of contributions shown on *Form 323*, Part 4, line 25.

For 2023, the maximum amount of credit on *Form 348* that a taxpayer can establish for the current taxable year is \$652 for single taxpayers or heads of household. For married taxpayers that file a joint return, the maximum amount of credit that a taxpayer can establish for the current taxable year is \$1,301. In most cases, for married taxpayers who file separate returns, each spouse may claim only **one-half** ($\frac{1}{2}$) of the credit that would have been allowed on a joint return.

NOTE: The maximum amount of credit established for the current taxable year does **not** include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may use for the taxable year cannot be greater than the tax liability shown.

A cash contribution for which a credit is claimed that is made on or before the fifteenth day of the fourth month following the close of the taxable year may be applied to either the current or preceding taxable year and is considered to have been made on the last day of that taxable year.

FOR CALENDAR YEAR FILERS: Credit eligible cash contributions made to a certified STO from January 1, 2024 to April 15, 2024 may be claimed as a tax credit on either the 2023 or 2024 Arizona income tax return.

If you claim this credit in 2023 for a contribution made from January 1, 2024 to April 15, 2024 you must make an adjustment on your 2024 Arizona Form 140 Schedule A, Form 140PY Schedule A(PY) or A(PYN), or Form 140NR Schedule A(NR).

If the allowable credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years' income tax liability.

A certified STO is an organization that meets **all** of the following.

- The organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code.
- The organization allocates at least 90% of its annual revenue for educational scholarships or tuition grants.
- The organization makes its scholarships or grants available to students of more than one qualified school.

A “qualified school” means a preschool that offers services to students with disabilities, nongovernmental primary or a secondary school that is located in Arizona. The school cannot discriminate on the basis of race, color, handicap, familial status, or national origin and requires all teaching staff and personnel that have unsupervised contact with students to be fingerprinted.

A qualified school does not include a charter school or programs operated by a charter school. The primary school must begin with kindergarten and the secondary school must end with grade 12.

In the case of a preschool that offers services to students with disabilities, a “student with disabilities” is a student who has any of the following conditions:

- hearing impairment or visual impairment;
- developmental delay;
- preschool severe delay; or
- speech and/or language impairment.

NOTE: The Arizona Department of Revenue is required to certify STOs. The department maintains a list of currently certified STOs on its website at www.azdor.gov.

To qualify for the credit, all contributions must be made to a certified STO. To determine if your contributions made in 2023 and/or 2024 qualify for this credit, you should verify that the STO you made a contribution to is certified. For a list of STOs certified to receive contributions for the individual income tax credit, see the department’s website.

Your cash contribution to the STO will not qualify for the credit if you designate the contribution for the direct benefit of your dependent. For Arizona purposes, “dependent” has the same meaning provided in section § 152 of the IRC. For purpose of this credit, it does not matter if you qualify to take the dependent deduction.

NOTE: Your contribution will also not qualify if you designate a student beneficiary as a condition of your contribution to the STO. Additionally, the tax credit is not allowed if you agree with another person to designate each other’s contributions to the STO for the direct benefit of each other’s dependent, a practice commonly known as swapping.

You **cannot** claim both a tax credit and itemized deduction for the amount of contributions made to a certified STO for which you are claiming an Arizona tax credit.

Before claiming this credit, make sure the STO issues you a receipt for the contributions. The receipt should show **all** of the following:

- the name and address of the STO;
- the name of the taxpayer;
- the amount paid; and
- the date paid.

Please keep this receipt with your tax records. For more information on the school tax credits, see the department’s publication, Pub 707, *School Tax Credits*.

NOTE: You may be able to make credit eligible contributions to a certified STO through payroll withholding. Check with your employer to see if your employer has agreed to withhold contributions that qualify for this credit from your pay.

Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, 140NR, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer’s SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

NOTE: Complete Parts 1, 2, 3, and 4 if you are claiming a new credit for the current tax year.

If you are **only** claiming a carryover amount available from a previous credit, complete Parts 3 and 4

If you are married filing a separate return but could have filed a joint return, you may take only one-half ($\frac{1}{2}$) of the total credit that would have been allowed on a joint return, up to a maximum of \$652. In this case, enter one-half ($\frac{1}{2}$) of the smaller of line 14 or line 15.

Part 3 - Available Credit Carryover

NOTE: Arizona law requires that a taxpayer must claim the maximum credit amount allowed on Arizona Form 323 before claiming a credit for excess contributions on Form 348.

However, you do not have to claim a current year credit on Form 323 to **only** claim a credit carryover amount from prior taxable years on Form 348.

Lines 17 through 22

Complete lines 17 through 22 to figure your available credit carryover from taxable years 2018 through 2022. Complete lines 17 through 22 if you claimed this credit on a return for one of these years and the credit was more than your tax.

NOTE: You may carry over only that portion of the credit that you do not apply to tax. You cannot carry over any amount that you gave that was more than the amount allowed as a credit. See the example at the end of these instructions.

- In column (b), enter the credit originally computed for that taxable year listed in column (a).
- In column (c), enter the amount of the credit from that taxable year which you have already used.
- In column (d), subtract the amount in column (c) from column (b) and enter the difference.
- Add the amounts on lines 17 through 21 in column (d).

Line 25

Add line 23 and line 24. Enter the total. Also, enter this amount on Form 301, Part 1, line 20, column (c).

REMINDER: To claim this credit, you **must** first claim the maximum credit allowed on Arizona Form 323, Credit for Contributions to Private School Tuition Organizations. The amount of credit you must claim on Form 323 depends on your filing status. See Form 323 for these amounts.

EXAMPLE: During 2023, Mary, a single person, gave \$1400 to a certified STO. Mary’s tax liability for 2023 is \$400. Mary claimed the maximum credit amount of \$655 allowed on Arizona Form 323.

Since Mary made a contribution that totaled more than the allowable credit on Arizona form 323, she may claim a credit, on Form 348, up to the maximum amount allowed (for 2023, \$652 for single or head of household; or \$1,301 for married filing joint.)

For 2023, Mary would compute her **available current year’s credit** for Form 348 as follows:

2023 total contributions made	\$ 1,400
Credit claimed on Form 323 for tax year 2023	(\$ 655)
Contributions eligible to use for computing Form 348 credit	\$ 745
Maximum credit on Form 348 that Mary may claim	\$ 652
Contributions exceeding the allowable credit. Mary may not use the amount of the gift, \$93, which was more than the allowable \$652 credit (\$745 minus \$652) to figure her credit on Form 348.	\$ 93

Once Mary computes her credit, she must then determine how much of that credit may be applied to the current year’s tax and how much, if any, may be carried over to a future year.

In this case, Mary has already applied a credit (from Arizona Form 323) against her total tax liability of \$400. Therefore, Mary will have a \$652 carryover on Form 348 for the next taxable year.

Mary will compute her **2023 carryover credit** amount as follows:

Current Year’s Credit	\$ 652
Mary’s 2023 tax liability	\$ 400
Tax credit used – from Arizona Form 323	(\$ 400)
Balance of tax	\$ 0
Amount of current year credit used from Form 348 to off-set taxes	\$ 0
Amount of current year credit from Form 348 available to carryover to next year.	\$ 652

General Instructions

NOTE: You **must** also complete Arizona Form 301, Nonrefundable Individual Tax Credits and Recapture, and include Forms 301 and 352 with your tax return to claim this credit.

Arizona law provides a **separate** credit for cash contributions made to qualifying foster care charitable organizations (QFCO).

CAUTION: Cash Contributions made after December 31, 2015, to a QFCO do not qualify for, and cannot be included in, a credit claimed on Arizona Form 321 for cash contributions made to a qualifying charitable organization (QCO).

If you made cash contributions to a **non-foster care qualifying charitable organization**, you **must** complete Arizona Form 321 to claim a credit for those contributions. Do **not** use Form 352 to claim a credit for contributions made to non-foster care charitable organizations.

This credit is available **only** to individuals. Corporations may not claim this credit. A partnership may not pass the credit through to its partners. An S Corporation may not pass the credit through to its shareholders.

What is a QFCO?

A QFCO is a qualifying charitable organization that is exempt from federal income taxation under section 501(c)(3) of the internal revenue code or is a designated community action agency that receives community services block grant program monies pursuant to 42 United States Code section 9901 and each operating year provides services to at least two hundred qualified individuals in Arizona. The charity must spend at least 50% of its budget on services to qualified individuals in this state.

"Qualified individual" means any of the following:

- (a) A foster child as defined in section 8-501.
- (b) a person who is participating in an independent living program as prescribed in section 8-521.
- (c) A person who is participating in a transitional independent living program as prescribed by section 8-521.01.
- (d) A person who is participating in an extended foster care program as prescribed in section 8-521.02.
- (e) A person who is under twenty-seven years of age and whose reason for leaving foster care is any of the following:
 - (i) Reaching eighteen years of age.
 - (ii) Adoption or legal guardianship after reaching fifteen years of age.
 - (iii) Reunification after reaching fourteen years of age.

"Foster home" means a home maintained by any individual or individuals having the care or control of minor children, other than those related to each other by blood or marriage, or related to such individuals, or who are legal wards of such individuals.

For a QFCO, "Services" means the following:

For a qualifying foster care charitable organization, cash assistance, medical care, behavioral health services, child care, food (including snacks at a QFCO's foster youth event), clothing, shelter, job placement services, job training services, character education programs, workforce development programs, secondary education student retention programs, housing or financial literacy services or any other assistance that is reasonably necessary to meet basic needs or provide normalcy and that is provided and used in this state. For the purposes of this subdivision:

- (i) "Behavioral health services" has the same meaning prescribed in section 36-401.
- (ii) "Character education program" means any program described in section 15-719, subsection b that is offered by a qualifying foster care charitable organization.
- (iii) "Job training services" has the same meaning as vocational and technical preparation as defined in section 15-781.
- (iv) "Normalcy" means the condition of experiencing a typical childhood by participating in activities that are age or developmentally-appropriate, as defined in 42 US code section 675.
- (v) "Workforce development program" means any program recognized by the workforce Arizona council pursuant to section 41-5401.

NOTE: For more information on what is a qualifying charitable organization, see the instructions for Form 321.

How Can I Tell if a Foster Care Charity Qualifies?

To qualify, a foster care charity must provide the department with written certification that it meets the criteria necessary to be considered a qualifying foster care charity.

To see a list of qualifying foster care charities, visit our website and click on *Tax Credits* and select *Contributions to QCOs and QFCOs*.

- For donations made in 2023 - use the 2023 list.
- For donations made from January 1, 2024 to April 15, 2024 - use the 2024 list.

A cash contribution for which a credit is claimed and that is made on or before the fifteenth day of the fourth month following the close of the taxable year may be applied to either the current or preceding taxable year and is considered to have been made on the last day of that taxable year.

For calendar year filers, credit eligible cash contributions made to a QFCO from January 1, 2024 through April 15, 2024 may be used as a tax credit on either your 2023 or 2024 Arizona income tax return.

IMPORTANT: *To claim a credit on your 2023 tax return for contributions made January 1, 2024 through April 15, 2024 the charitable organization must be certified by the department for the 2024 tax year.*

If you claim this credit in 2023 for a cash contribution made from January 1, 2024 through April 15, 2024 you must make an adjustment on your 2024 Arizona Form 140 Schedule A, Form 140PY Schedule A(PY) or A(PYN), or Form 140NR Schedule A(NR).

NOTE: *You cannot claim both a tax credit and an itemized deduction for the amount of contributions made to a QFCO for which you are claiming a credit.*

You cannot claim an increased standard deduction for the amount of contributions made to a QFCO for which you are claiming a credit.

The maximum amount of credit that a taxpayer can establish for the current taxable year is \$526 for single taxpayers or heads of household. For married taxpayers filing a joint return, the maximum amount of credit that a taxpayer can establish for the current taxable year is \$1,051. In most cases, for married taxpayers who file separate returns, each spouse may claim only **one-half** (½) of the total credit that would have been allowed on a joint return up to \$526.

NOTE: *The maximum amount of credit established for the current taxable year does **not** include any unused valid carryover amount(s) from prior taxable years. Because this is a nonrefundable credit, the total amount of available credit [current year plus any valid carryover amount(s)] that a taxpayer may **use** for the taxable year cannot be greater than the tax liability shown.*

If the allowable tax credit is more than your tax or if you have no tax, you may carry the unused credit forward for up to the next five consecutive taxable years' income tax liability.

You may qualify for this credit if you make cash contributions to a qualified foster care charity through an Umbrella Charitable Organization (UCO). An UCO is a charitable organization that collects contributions on behalf of member charities and directs that contribution as designated by the taxpayer to a QFCO that is certified by the Department.

In this case, 100% of the contribution to a specific qualifying foster care charitable organization or to a specific fund of the UCO must be distributed to a QFCO that is certified by the Department.

The UCO will need to provide you with a receipt for your contribution that specifies the QFCO or fund to whom the contribution is designated and certifies that 100% of the contribution will be distributed to the named QFCO. If a fund is designated then the receipt should certify that 100% of the fund is distributed to a QFCO that is certified by the Department.

NOTE: *You may be able to make contributions to these charities through your payroll withholding. Contact your employer and ask if they can withhold contributions for this credit from your pay.*

For more information, see the department's publication, Pub 710, *Credit for Contributions to Qualifying Charitable Organizations*.

What is a Qualifying Foster Care Charitable Organization Code?

For Arizona tax credit purposes, the department assigns a code (a 5 digit identification number) to each QFCO and the UCO fund (for example: 12345). If your donation receipt did not include the foster care charity's code, the department's list of qualifying charities includes the code assigned to each charity and the UCO fund code.

Be sure to enter the code number, in column (a), for each qualifying foster care charity for which you and your spouse made cash contributions.

Line-by-Line Instructions

Enter your name and Social Security Number (SSN) as shown on Arizona Forms 140, 140PY, 140NR, or 140X.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for an individual is the taxpayer's SSN or an Internal Revenue Service (IRS) individual taxpayer identification number (ITIN). Taxpayers that fail to include their identification number may be subject to a penalty.

NOTE: *Complete Parts 1 and 3 **only** if you are claiming a new credit for the current tax year.*

If you are only claiming a carryover amount available from a previous credit, complete Parts 2 and 3.

Part 1 - Current Year's Credit**A. Cash contributions made January 1, 2023 through December 31, 2023**

NOTE: *If you are married and filing separate returns, be sure to include all cash contributions made by you and your spouse.*

Lines 1, 2, and 3

Enter the following for each QFCO you or your spouse made cash contributions or paid fees from January 1, 2023 through December 31, 2023 for which you or your spouse are claiming a credit on the 2023 tax return:

- Column (a): the date you made the contribution (MM/DD/2023);
- Column (b): the five digit code number of the qualifying QFCO or the UCO fund code (example: 23456);
- Column (c): the name of the QFCO or the UCO fund name; and

Do not include those cash contributions that you or your spouse made from January 1, 2023 through April 18, 2023 for which you or your spouse claimed a credit on the 2022 tax return.

NOTE: *For contributions made to an Umbrella Charitable Organization, the Qualifying Charitable Organization Code and name of the qualifying charity are reported on the tax form. If a fund is designated, the Umbrella Charitable Organization Fund Code and the name of the fund are reported on the tax form.*

If you made cash contributions to more than three QFCOs, complete the Continuation Sheet on page 3 of the form and include it with the credit form.

What if I Made More than Ten (10) Contributions to the Same Qualified Charitable Organization?

If you made more than ten (10) re-occurring monthly donations (or used paycheck deductions) for contributions **to the same qualified charitable organization**, the department will permit the netting/summarizing of the contributions made to the same charity and provision of one common date (for example 12/31/23). Enter the total amount of contributions made in column (d).

Line 4

Enter the amount from line 4h of the continuation Sheet; otherwise enter "0".

Lines 5

What if I Made More than Ten (10) Contributions to the Same Qualified Charitable Organization?

If you made more than ten (10) re-occurring monthly donations (or used paycheck deductions) for contributions **to the same qualified charitable organization**, the department will permit the netting/summarizing of the contributions made to the same charity and provision of one common date (for example 04/15/24). Enter the total amount of contributions made in column (d).

Line 9

Enter the amount from line 9h of the Continuation Sheet; otherwise enter "0".

Line 10

Add lines 6 through 9, column (d). Enter the total.

Line 12

Single taxpayers and taxpayers filing as head of household enter \$526. Married taxpayers enter \$1,051.

Line 13 - Current Year's Credit

Enter the smaller of line 11 or line 12.

If you are married filing a separate return, but you could have filed a joint return, you may take only $\frac{1}{2}$ of the total credit that you and your spouse would have been allowed to take on a joint return, up to a maximum of \$526. In this case, enter $\frac{1}{2}$ of the smaller of line 11 or line 12.

Part 2 - Available Credit Carryover**Lines 14 through 19**

Use lines 14 through 19 to figure your total available credit carryover from taxable years 2018 through 2022 if you claimed this credit on these returns and the credit was more than your tax.

NOTE: *You may carry over only that portion of the credit that you do not apply to tax. You cannot carry over any amount that you gave that was more than the maximum amount allowed as a credit.*

For example: During 2023, Mary, a single person, gave \$600 to a qualified foster care charity. For 2023, Mary is allowed a maximum credit of \$526. Mary's 2023 tax is \$250. Mary can apply \$250 of the credit to her 2023 tax liability and carryover \$276 of the unused \$526 credit to 2024.

Mary cannot claim any credit for the \$74 gift that was more than the allowable credit (\$600 minus allowable credit of \$526).

- In column (b), enter the credits originally computed for the tax years listed in column (a).
- In column (c), enter the amount of the credit which you have already used.
- In column (d), subtract the amount in column (c) from column (b) and enter the difference in column (d).
- Add the amounts entered on lines 14 through 17 in column (d)

Part 3 - Total Available Credit**Lines 20 through 22**

Use lines 20 through 22 to figure your total available credit for the taxable year.

Line 21

Enter the amount from Part 2, line 19, column (d). Also, enter this amount on Form 301, Part 1, line 21, column (b).

Line 22 - Total Available Credit
