General Instructions

Arizona Form 300 may only be used by corporate taxpayers or exempt organizations with unrelated business taxable income (UBTI) to claim tax credits. Individual taxpayers must use Arizona Form 301 to claim tax credits.

Corporate taxpayers and exempt organizations with UBTI complete this form:

- to summarize their total available nonrefundable tax credits,
- to determine the application of the available nonrefundable tax credits, and
- to calculate their tax liability related to the recapture of tax credits.

The credits are available to an exempt organization that is subject to corporate income tax on UBTI. The credit must result from the activities that generate UBTI.

NOTE: *You must include Form 300 and the corresponding credit form(s) for which you computed your credit(s) with your income tax return. Use Arizona Form 300 to:*

- Summarize your total available nonrefundable tax credits.
- Determine the application of the available tax credits.
- Summarize your tax liability related to recapture of tax credits.
- Claim any available credit carryover.

Form 300 is not required to be included with your return to claim the following refundable credits. You must, however, include the completed refundable credit form with your tax return.

- *The refundable portion of the Credit for Increased Research Activities (Form 308), or*
- *The Credit for Motion Picture Production Costs (Form 334), or*
- *The Credit for Qualified Facilities (Form 349).*

Specific Instructions
