General Instructions

This credit provides a nonrefundable corporate income tax credit equal to 30% of the amount paid by the seller or purchaser as transaction privilege tax or use tax for coal sold to the taxpayer that is consumed in the generation of electrical power in Arizona. "Amount paid by the seller or purchaser as transaction privilege tax or use tax" means that the Arizona transaction privilege tax (TPT) was passed through to the taxpayer by the seller as an added charge or that the seller collected the Arizona use tax from the taxpayer or that the taxpayer paid the Arizona use tax to the department.

The tax credit is in lieu of a deduction for the taxes paid for which the credit is claimed. An addition to Arizona gross income is required for the amount of Arizona TPT and Arizona use taxes included in the computation of federal taxable income for which the Arizona tax credit is claimed.

For example, a taxpayer that paid \$50,000 in TPT for coal consumed in the generation of electrical power in Arizona would receive a credit of \$15,000 ($\$50,000 \times 30\% = \$15,000$). The addition to Arizona gross income would be \$50,000.

The tax credit is available only to corporate taxpayers. A partnership may pass this credit through only to its corporate partners. An S Corporation may claim this credit, or the S Corporation may elect to pass this credit through only to its exempt organization shareholders. (If the S Corporation elects to pass this credit through to its exempt organization shareholders, complete Form 318-P for each exempt organization shareholder.)

Individual taxpayers are not eligible to claim this credit.

Co-owners of a business, including corporate partners of a partnership may each claim only the *pro rata* share of the credit allowed based on the ownership interest. The *pro rata* share that would be distributed to non-eligible partners or shareholders is lost. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

If the allowable tax credit exceeds the taxes otherwise due, or if there are no taxes due, the amount of the credit not used to offset taxes may be carried forward for not more than five consecutive taxable years as a credit against subsequent years' income tax liability.

NOTE – To claim this credit:

- *C corporations, S Corporations claiming this credit at the corporate level, and exempt organizations with UBTI* - Complete this credit form and Arizona Form 300, Nonrefundable Corporate Tax Credits and Recapture. Include both completed forms with your tax return.
- *Partnerships* - Complete this credit form. Also, complete Form 318-P for each corporate partner of the partnership. Provide each corporate partner a copy of its completed Form 318-P. Include Form 318 and one copy of each completed Form 318-P with your tax return.
- *Individual taxpayers are not eligible to claim this credit.*

Specific Instructions

Complete the name and employer identification number (EIN) section at the top of the form. Indicate the period covered by the taxable year. Include the completed form with the tax return.

All returns, statements, and other documents filed with the department require a taxpayer identification number (TIN). The TIN for a corporation, an exempt organization with UBTI, an S Corporation or a partnership is the taxpayer's EIN. Taxpayers that fail to include their TIN may be subject to a penalty.

Part 1 - Current Taxable Year's Credit Calculation

Form 318-1

Complete Form 318-1 before completing Part 1, line 1.

FORM 318-1

Use Form 318-1 to list qualifying coal purchases for the taxable year in two situations:

1. Purchases from vendors that passed the Arizona TPT through to the taxpayer as an added charge or purchases from vendors that collected the Arizona use tax from the taxpayer; and
2. Purchases from vendors for which the taxpayer paid the Arizona use tax to the department.

Situation 1: List the qualifying coal purchases *by vendor* for situation 1 above. If the taxpayer has purchased coal from more than two vendors, additional Form(s) 318-1 must be completed to list the qualifying coal purchases for the taxable year. Complete section A to list the vendor name and the vendor's Arizona TPT or use tax number. Do not complete section B.

NOTE: *The Arizona TPT must be shown as an added charge on the vendor's invoice. If the vendor collects the Arizona use tax from the taxpayer, the tax must be shown as a separate charge on the vendor's invoice. If the amount is not shown as a separate charge, the taxpayer cannot claim that amount.*

Situation 2: List the qualifying coal purchases *from all vendors* for situation 2 above. Complete section B to list the taxpayer's Arizona TPT or use tax number. If the taxpayer paid use tax to the department for purchases from more than two vendors, complete additional Form(s) 318-1. Do not complete section A.

NOTE: *If the taxpayer pays the Arizona use tax directly to the department, the taxpayer must document the amount of tax paid for each invoice.*
